

West High School Supply List
2015-2016

Arts

Yearbook: No supplies necessary

Photo I: You must supply your own working 35mm film camera that has the ability to go into the manual mode. You must be able to change your shutter speed, aperture, and have a working light meter. If you don't own one, they can be purchased locally at pawn shops and at Thompson Photo Products. The rest of your supplies (film, chemicals, and paper) will be purchased out of your \$80 class fee after the year begins.

Photo II: You must supply your own working digital camera. If it has manual capabilities, that is wonderful, but not necessary. The rest of your supplies (ink and printing paper) will be purchased out of your \$80 class fee after the year begins.

IB Art (all levels): Please bring a sketch book (minimum size 8.5"x11") and your favorite drawing medium (pencil, conte, ink, etc.) to the first class. We will do our best to purchase the rest of your supplies out of your \$100 class fee after the year begins.

CTE
