

Acerca del FRC:

El Centro de Recursos para la Familia (FRC) de las Escuelas del Condado de Knox está disponible para ayudar a las escuelas y las familias, proporcionando información, capacitación y otros recursos escolares y comunitarios. El FRC trabaja para establecer canales de comunicación sólidos entre el hogar y la escuela para que las familias tengan acceso no sólo a los recursos básicos, sino que también recibirán apoyo en el desarrollo de habilidades educativas y parentales necesarias para ayudar a sus hijos a lograr éxito académico.

An Introduction to Knox County Schools Family Resource Center FRC

*Families, Schools, and the
Community Working Together to
Ensure "Excellence for Every Child"*

About the FRC:

The Knox County Schools **Family Resource Center (FRC)** is available to assist schools and families by providing information, training and other school and community resources. The **FRC** works to establish strong lines of communication between home and school so families can access not only basic resources, but also receive support in developing educational and parental skills necessary to help their children achieve academic success.

Goals:

- Build each school's individual capacity to respond to the needs of families through FRC facilitated or school- to- family direct services.
- Assist parents/caregivers with developing and building the foundational skills necessary to support children's learning, including academic and parenting skills.
- In conjunction with the FCE Department, collaborate with all schools to assist in planning family engagement activities.
- Provide information and referrals, as needed, to facilitate families use of school and community resources.
- Network with social service agencies, educational institutions, and community organizations to facilitate efficient service delivery for families without duplication of efforts.
- Emphasize family literacy at all KCS schools and provide literacy material through the Lending Library.
- Collaborate with Knox County Schools social workers and school counselors to serve families efficiently and effectively.

FRC Services and Programs

- Community Resources Information
- Student School Supplies Program

FRC Advisory Council

- The Knox County Schools Family Resource Center Advisory Council is a group of parents, district representatives, and community representatives who provide direct support to the **FRC** by contributing expertise, giving ongoing guidance, suggesting networking opportunities, and by advocating for the **FRC**. Advisory Council members work with the **FRC** Director to establish and implement goals and objectives. The Advisory Council meets four times during the academic year.
