When you complete all required sections of your Self-Reported Academic Record (SRAR), please submit it. **Be certain that your grades and other academic information match your transcript**. Do not round or estimate any grades or class rankings. Once submitted, your academic record will be a final document and you will no longer be able to make changes. If you are admitted and decide to enroll, you will be required to submit an official high school transcript that will be compared to your SRAR.

My certified submission indicates that this academic record is complete, factually correct, and honestly prepared. I understand that willful omission or misrepresentation in any part of my application or supporting credentials is grounds for denial or revocation of admission and cancellation of registration.
