The Community

Gibbs High School is located in a fast growing suburban/rural community in northeast Knox County approximately 10 miles north of the city of Knoxville. The community traces its name back to Nicholas Gibbs, the first to settle in this area in the 1790's. The school is located just north of Harbison Crossroads (Tazewell Pike and Emory Road). Residents of the Gibbs community mostly work in Knoxville or neighboring suburbs. The community has a great deal of pride and a small town feel, with close proximity to shopping, dining, and entertainment in Knoxville.

The School

Gibbs High School is a comprehensive public high school with a current enrollment of 1,042 students in grades nine through twelve. The school was founded in 1913 in a two-story brick building, which burned down in 1937. The second building burned down 13 years later in 1950. The third and current school was completed in 1952 and has seen additions of a new wing, administrative offices, and a gymnasium in 1984. Our high school is a Knox County School accredited by the Tennessee Board of Education and AdvancED (formerly the Southern Association of Colleges and Schools). The Gibbs High School Foundation is an active organization focused on supporting teachers and students to enhance the vision of the school.
