## IT'S COUPON BOOK TIME AT NORWOOD ELEMENTARY

It is once again time to begin selling coupon books in Knox County. The books go on sale on **Friday, September 13th** and will remain on sale through **Monday, September 30th**. This year, I am asking that each child work toward selling three books. The cost is \$10.00 per book, with the school keeping \$8.00 per book. The money will be used to help purchase an electronic sign which will replace our current sign. There are daily prizes based on the number of books the children sell, but we are also adding some incentives that we think the children will really be excited about! For those children that sell three or more books, they will participate in a moon pie party. We will also be giving away two tickets to Max Air Trampoline Park to the top seller, a make your own slime kit for second place, and an earth and moon kit to the third place seller. We will also have a candy grab periodically during these two weeks as the students work hard to sell the coupon books. Please do not let your child go anywhere alone to sell the books. We want the children to always be safe as they work hard to sell

## Important Information

I want to welcome everyone to the 2019-2020 school year. The boys and girls have had a great start to the school year as they get back in the routine. We had a wonderful Meet and Greet that was sponsored by Wallace Memorial Baptist Church. Everyone had a great time and we appreciate Wallace and their volunteers so much as they help to provide school supplies for the students in the community as well as provide fun activities for everyone to enjoy!

We have the privilege of being a Title I school again this year. Our budget is approximately \$406,000 with the money going mainly for personnel and programs that will support the learning that takes place in the classrooms.

I also want to share our school goals that we are working on this year. It is our aspiration to increase reading proficiency, increase math proficiency, and decrease chronic absenteeism.

Thank you for allowing us the privilege of teaching your child each day. By working together, it is my desire that we will see great academic growth and success this school year.

# Welcome New Staff Members

First Grade:	Vicki James
Fifth Grade:	Diana Noel-returning after 2 years
Librarian:	Kierstyn Parker
Special Ed:	Kayla Osborne
School Psychologist:	Tami Hall
GT Coach:	Casey Lane
School Resource Officer:	Officer Anthony Bennett
