May 1: Science

Encore Rotations

Week 5: April 29 - May 3
Week 6: May 6 - 10
Week 1: May 13 - 17
Week 2: May 20 - 22

Today it's up to me to be the BEST that I can be!

The Principal's Principle for this week is

Teamwork

Teamwork is working together to accomplish a task. Thomas Edison created over 1000 inventions. He had lots of help conducting many experiments. His team included people who were skilled in math, chemistry, science, physics, and engineering. Edison said, "If I could solve all the problems myself, I would." Teams make it possible to do things that cannot be done alone.

International Day

The ESL class will be sponsoring an International Day where they will display projects and artifacts from their families' native countries. [It will take place on Friday, May 17 in the library during the school day.](#) If you would like to contribute to the display, please contact [Jamie Wolfe](#) by Wednesday, May 15. We would like to include all countries that our Halls Elementary families represent.
