We need your help!

As a public entity, sometimes West Valley cannot offer the amenities or upgrades that are needed. Our administration is often tasked with making tough decisions, and we as WVMS families are expecting much more. Our community has the opportunity to help meet student needs not met by our school budget and limited tax dollars so ***we need your help!***

At WVMS, we want our kids to be afforded the best in-class experiences, along with needed technology, equipment, and resources. We envision them being fully prepared not only in the classroom, but also out of it. We expect a building and grounds conducive to learning and most importantly, teachers and staff who are engaged and energized. Through the WVMS Foundation, you can make aspirations a reality!

We know that many of you may be feeling fundraising fatigue from previous support and effort provided to your elementary schools. It is our hope that you will still consider making a difference at WVMS and become engaged with our Foundation and its fundraising efforts. Whether it is purchasing an advertising banner outside the school highlighting your business, sharing sponsor/donor leads to our board, and/or attending our Spring Auction event (scheduled for February, 21, 2025), no contribution is too small!
