

IB A&A HL Year 1 (class of 2024) Summer 2022 Assignment

Join Miss White's DeltaMath class:

- If you've never used DeltaMath.com before....
Click on "Create Account" and "Sign up with Google" using your knoxschools email account and credentials.
- If you have already used DeltaMath with another teacher/class....
At the TOP RIGHT, click on "Tools" and choose "Manage Login and Courses"
This page says "Login and Class Information" at the top
- Click on the box that says and enter .
- You MUST Select the class "IB A&A HL c/o 2024"

OR USE THIS LINK:

<https://www.deltamath.com/students?code=N945-V29F>

If you are unable to join "IB A&A HL c/o 2024," email
Celeste.White@knoxschools.org.

Now you will see an assignment titled "Summer 2022 Assignment."

- With few exceptions, you will have 2 attempts at each problem.
- There is no penalty; when you miss a problem, your % complete does not go down, but you'll need to get another problem correct.
- There is a help video for each skill set.
- The assigned skills are from Algebra 1 & Algebra 2.
- DeltaMath estimates the total time needed is 1.5 hours. You can "chip away" at this assignment throughout the summer. (Please don't wait until the night before the first day of school.)

Your first test grade for the year will be the % you've completed of the assignment by our first full day of class, or Wednesday, August 10th at the latest.
