

KCS CONNECT

Fall 2020

CHROMEBOOK DEPLOYMENT

- Earlier this year, the Board of Education approved a 1:1 program that will make a Chromebook computer available to every KCS student.
- Chromebooks will be available for the 2020-21 school year.
- Beginning on July 17, 2020, Chromebook registration forms will be available online, and paper forms will be available at schools beginning on July 24.
- Once the forms are completed and submitted, each student's base school will contact students with details about how and when the devices will be distributed.
- A customer service line for assisting families with accessing affordable internet services at home will be available beginning on July 20.
- Please consider [updating your email address](#) in Aspen.
- Questions? Check out [the device FAQ](#) with details about training, tech support, appropriate use of the Chromebooks and more.
