

# KCS CONNECT

*Fall 2020*

## Transportation

- While social distancing is not operationally feasible on buses, other precautions will be taken.
- Weather and other conditions permitting, all windows on non-air conditioned buses will be open. Buses with air conditioning systems will not operate those systems in the recirculation mode.
- Students will be required to wear face masks while in transit, and siblings should sit together when possible.
- Buses will be disinfected following morning and evening runs with a COVID-effective agent. KCS will provide training in the proper use of the disinfectant.
- Bus contractors will be responsible for implementing a pre-route driver temperature check to ensure no driver has a fever of 100.4 degrees or higher.
- Bus and shuttle drivers will wear a face covering at all times while operating a vehicle.
