

Street Summer Assignments 2020
IB English HL Year 2 and Theory of Knowledge Year 2

IB English HL Year 2

Students will write **three** college essays from either the common application prompts or specified colleges of their choice (a combination of the two is fine!). Common application prompts can be found here: <https://www.commonapp.org/apply/essay-prompts>. Why three? Because by the end of all this, you will have written many more than that, and having three solid essays with feedback will get you way ahead in the college and scholarship game. Start researching now! We will start with these essays Day 1! I am an email away for questions: arielle.street@knoxschools.org .

Theory of Knowledge Year 2

Students will generate a research question and begin their research process for their EE, creating an annotated bibliography of at least 10 sources. Tips for writing an annotated bibliography can be found here: https://owl.purdue.edu/owl/general_writing/common_writing_assignments/annotated_bibliographies/annotated_bibliography_samples.html

This will prepare us to hit the ground running with our Extended Essays day one. Our first mentor meeting will happen in the first month of school to refine our research questions. It is imperative we have the necessary research behind us to formulate good questions and develop compelling arguments. I am an email away for questions: arielle.street@knoxschools.org . If I can't answer it, I will direct you to your mentor!
