Brett Foster, School Nutrition Director

KCS Parents,

We are pleased to inform you that during the 2017-2018 school year, Knox County Schools Nutrition will continue to participate in the Community Eligibility Provision for the schools listed below. What this means for you:

- All students attending participating schools (listed below) are eligible to receive a healthy breakfast and lunch meal at no charge to your household. No further action is required of you. Your student(s) will be able to participate in these meal programs without having to pay a fee or submit a meal application.
- Some families who qualify for free or reduced priced meals may have a household with one student attending a CEP school and another student attending a non CEP school. **In this case, a meal benefits application will need to be completed for any student(s) attending a non CEP school at www.lunchapplication.com.**
