Instructions

All students are required to register for 9 classes and 4 alternates. Online Registration closes February 17, 2017 at 3:30 pm.

Teachers have already made recommendations for next year's Core Classes (English, Math, Science, and Social Studies). If you are requesting an override of a teacher's recommendation, a "Level Change Request" must be signed by a parent and returned to the school counseling office. The "Level Change Request" can be found on the School Counseling website.

By posting requests, you are acknowledging that you have discussed your course selections with your parents.

By not posting requests by **February 17 at 3:30**, you understand that your school counselor will select your courses based on what is needed for graduation.

Please visit the School Counseling website for Forms and Quick Links to important information.

Entering Requests Online

4. At the top of the page, in the **Instructions** box, read and follow the instructions for entering your requests. *Note: If any of your courses are required or recommended by your teachers, they might automatically appear as requests when you first view the Requests page.*

5. In the **Primary requests** box, select your requests for the different subject areas. For example, to select your math course, click Select next to Math. The courses you can request will appear. Use the following tips when selecting a course to request:

- To see all class options, you will have to click on the arrow above the **Course Description** box AND you may have to use the horizontal and vertical scroll bars.
- Continue to the next page by clicking on the arrow above the **Course Description** box.
- If your teacher recommended a course, a checkmark appears in the **Select** column. That course becomes a course request when you click **OK**. *If you don't see the selection on the first page, you may have to scroll over to the second page to locate it.*

Entering Requests Online

- The **Status** column displays information about the course, such as if this is the course your current teacher recommended for you. Depending on the subject, you can either select any course, or you may be required to accept the courses recommended for you.
- If your teacher entered comments about a recommendation for you, a note appears in the **Status** column. Click the icon to view the comments.
- If you are entering alternate requests, you can type a number in the **Alternate Priority** column to prioritize them; type 1 next to the alternate you want to try to be scheduled in first, type 2 in the next alternate you would want on your schedule, and so on.
- Click on **Course Description** to sort the classes alphabetically.

Entering Requests Online

6. If you applied for an elective class that required an application and are approved, that class will be added at your individual meeting with your Counselor.

7. Select the checkbox in the **Select** column of the course(s) you want to request, and click **OK**. The requests now appear on your Requests page.

- **Note:** To remove a request from your Requests page, click the Select checkbox again to deselect it.

8. In the **Notes for Counselor** box, type any notes to your Counselor regarding your requests. Your Counselor can view these notes when reviewing your requests. Your requests are automatically saved after you enter them on the Requests page. Your Counselor can view them anytime.

9. After you complete entering your requests, **click Post** at the bottom of the page. This lets your Counselor know that you are finished entering requests. If you have not selected enough courses to satisfy requirements for your academic track, the system will let you know which area you will need to make more requests in.

Entering Requests Online

Note: Once your Counselor approves your requests, you can no longer make changes to your course selections.

*Seniors: You will not be allowed to sign up for **EARLY GRADUATION** until your parent permission form has been returned to the Counseling Department.

You will indicate which class you want to take in the notes section to your Counselor for . This tells the counselor you are interested in taking the DE class Off Campus or Online at Pellissippi or Tusculum.
