Academic Release Form

Request for change in academic rigor/course level

Academic data and performance record are used for placing students into the appropriate course level. These placements are believed to be the ones that will provide the student with the greatest opportunity for academic success. However, if a parent/guardian feels that such a change needs to be **considered**, this academic override request must be completed.

Note: This form must be submitted to the student's school counselor. The counselor will then provide past academic data and submit it to the principal for the final consideration.
