

Austin East Magnet High School

AE is the Place To Be!

“ My high school experience at Austin-East prepared me holistically for the next phases of my life. I was afforded an excellent education in addition to the opportunity to participate in many extracurricular and cultural experiences. These experiences allowed me to embrace the future with confidence. I credit AE with being instrumental in my success. ”
 -AE Alumna

“ I love teaching at Austin-East Magnet High School because of my students. There is no place like AE; every day is an adventure and the time I invest in my students is worth every minute. They push me to be a better teacher, they question, they face challenges head on, they laugh with me, they let me be a part of their stories, and their stories are great ones. ”
 -AE Teacher
