

2023 Summer Bridge Program

The Summer Bridge Program is a **FREE** in-person, three-week program aimed to help incoming college freshman start at a more college-ready level, both academically and socially. Students participate in reading, writing and math instruction daily taught by college professors. The courses equip students with the knowledge they need to do well in college-level classes. At the end of the 3 weeks, students have the opportunity to test out of any learning support courses required based on ACT scores, saving up to a year of college courses!

Registration Deadline: May 12, 2023
