AUGUST UPDATES:

Meet the Restorative Interventionist: Coach Giles

Hey all, my name is Marcus Giles and I'm the Restorative Interventionist at HVMS. I have been in education for over 11 years working at West High school and Hardin Valley Academy. I am currently the assistant football coach and head wrestling coach for HVA. I have been coaching for 17 years, with 2 years spent as the assistant strength coach at Tennessee, followed by 12 years coaching at West High School. The last three years of coaching have been for Hardin Valley Academy. I look forward to helping build school spirit in both of these sports and starting a club wrestling team at HVMS.

In my position as the Restorative Interventionist, I look forward to building great relationships with our students and helping them succeed at HVMS. The RI position is no longer about dealing with disciplinary issues; rather, it is about being both an advocate for the students and teachers. My goal is to build great relationships within our community and to support students through adversity and conflict. I look forward to serving the students and families at Hardin Valley Middle School.
