

Homework: The Phonics and Word Reading Survey*

Phonics and Word Reading Survey

Administration and Scoring Record General Directions

This survey should be individually administered. It is untimed, but it should take about 5–10 minutes to administer. Do not belabor administration of elements the student clearly does not know.

The survey is a tool for identifying which correspondences and patterns the student has learned, and which ones the student needs to be taught. When patterns are "learned," they can be read automatically, without guesswork. This survey can be used with students from the last half of kindergarten onward. The series of tasks is organized according to a progression of phonic elements and syllable types that increase in difficulty. The number of subtests given will depend on how far the student can go with at least some success. Closed syllables (with short vowels) are by far the most common in English and are assessed before long vowel syllable patterns. Open syllables and VCe are the long vowel patterns tested first because they are typically taught before other long vowel patterns. The more complex, unusual, but regular vowel, consonant, syllable, and morpheme patterns follow.

First ask the student to read the single-syllable words and nonsense syllables in each section. If a student knows at least some of the one-syllable patterns, ask the student to try the two- and three-syllable words. Discontinue if the student is having no success.

If the student makes a mistake but immediately self-corrects, count the item as correct. If the student makes an error, keep going without giving corrective feedback. Give neutral encouragement (e.g., "Nice job; you did just what I asked."). Write down the student's response on the record sheet so that types of decoding errors can be analyzed later. Encourage the student to move on (e.g., "Try the next one.") if he/she cannot respond to an item within about 3 seconds. Discontinue the survey when the word lists become too difficult for the student to read.

Class 3

High-Frequency Words

Say, Here are some words for you to read. Point to them as you read them. (Encourage the student to try the next one if he or she doesn't know a word within 3 seconds.)

see	my	have	to	she	all	some
was	of	any	where	put	for	are
they	over	what	would	these	which	your
every	once	things	does	right	because	answer
done	always	much	pull	heart	whole	although/35

Letter-Sound Correspondences: Short and Long Vowels

(Students recall the sound.) **Say**, I'm going to show you some more letters. Tell me the short vowel sound each one stands for.

i u a o e ____/5

Now, tell me the long sound for each vowel. (If the student doesn't know how to respond, explain that the long vowel is found in the letter's name.)

i u a o e ____/5

(Students recognize the letter.) **If the student has trouble, say**, *Now I'm going to say a vowel sound. You point to the letter that spells that sound.* (Exaggerate the vowel sound as you say the following words.)

/ĕ/, e-cho /ǎ/, a-pple /ŭ/, up /ĭ/, i-tch /ǒ/, o-ctopus

e a u i o ____/5
