Students will get their results before they leave and will get to keep their tests for their review. Limited seating is available, so students need to pre-register with us to make sure they have a seat. If you know of any students who would benefit from a practice run before the April test, they can sign-up directly at www.ACTprep.com.

- **Youth Leadership Knoxville** is a 10 month program for high school juniors in Knox County. YLK gives area high school students a chance to enhance their knowledge of Knoxville, develop leadership skills, create new friendships and gain a better understanding of self, interact with various community leaders, visit businesses and experience community while learning the pillars of servant leadership. This year there is a new and unique opportunity for the participants, as we have partnered with Pellissippi State Community College and students will gain college credit for participating in the program. If selected, all participants must enroll in HUM 2100: Leadership Development at Pellissippi State Community College. The course will allow for a more formal exploration of leadership and the opportunity to earn college credit. There is no additional cost associated with the course. Applications for the 2021 class are available now and can be accessed by the following link: <http://www.leadershipknoxville.com/programs-services/youthleadership-knoxville/student-login/>
