Family and Student Handbook Copy Only

Dear Parents and/or Guardians:

Please review the following playground rules with your child. It is very important that we provide safe and appropriate physical education activities on our playground. After you have reviewed the rules with your child, please have him/her sign where indicated along with your signature and return the bottom portion of this letter to your child's teacher.

RHES Playground Rules

- 1) Students may use the playground and structures for games and play activities only with appropriate supervision and only after appropriate instruction.
- 2) Students must take turns and exhibit good sportsmanship.
- 3) For safety, students should stay out of the path of swings, slides and equipment from which students might jump.
- 4) Students should never jump from the swings.
- 5) Students should slide down the slide one at a time from the top to the bottom in a sitting fashion. Students should never climb up.
- 6) Students should slide down the fireman's pole using hands, legs, and feet. Students should never climb up.
- 7) Students should cross the monkey bars from inside toward the outside of the structure. Students should never climb on top of the monkey bars.
- 8) Students should remain on the ground when playing at the imagination station. Students should never climb on the structure.

Inappropriate Behavior and Discipline

Your child's teacher has consequences in place for inappropriate playground behavior. Intentional bodily harm to another child will result in loss of remaining playtime, reporting to the office, and parents notified. Further disciplinary action may be taken and will be determined by administration.

My child and I have reviewed and understand these defined *RHES Playground Rules*.
