

Information Technology

Information Technology is a four-year program of study for students who wish to explore Programming, Web Design, or Cybersecurity as a career path. Students take at least one course each year. Once students complete the **Level 1 Computer Science Foundations course**, they may choose their focus for Levels 2 & 3.

Coding (Programming)

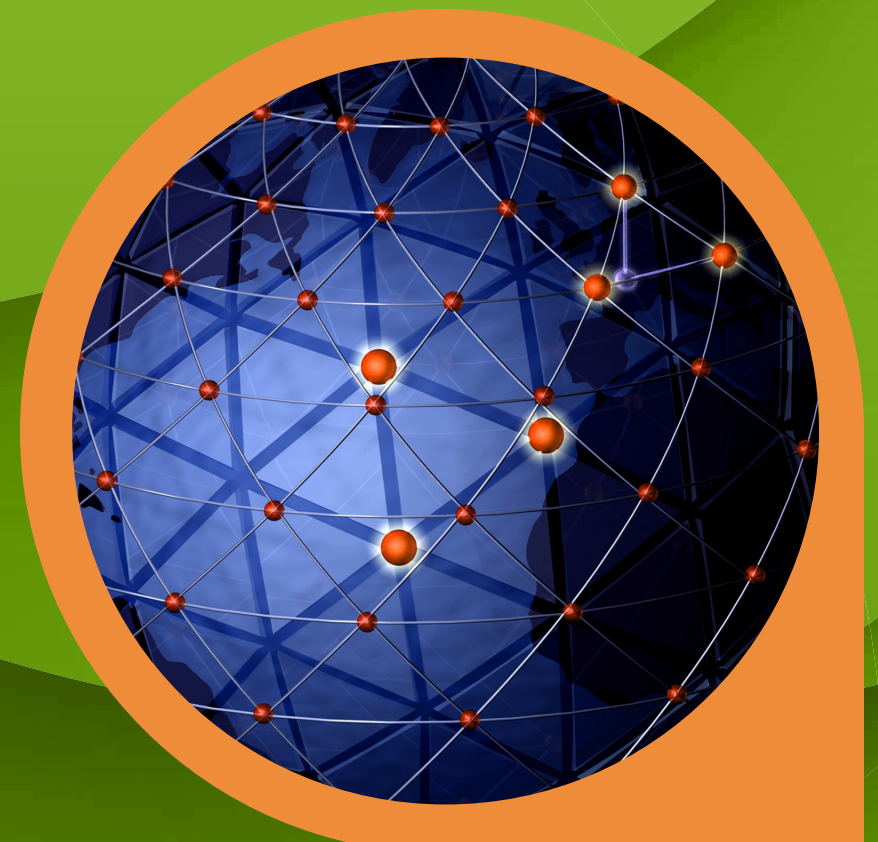

- Computer Science Foundations*
- Coding I **
- Coding II **OR** Mobile App Development
- Coding Practicum

Web Design

- Computer Science Foundations*
- Web Design Foundations**
- Web Site Development NIC/AP Credit
- Web Practicum

Cybersecurity

- Computer Science Foundations*
- Cybersecurity 1 **
- Cybersecurity 2
- AP Computer Science

*Computer Science Foundations is a requirement for all Clusters.

**Any Junior or Senior who is not taking Info Tech for a Elective Focus may skip the CS Foundations Class.
