A Message from Your Administrative Team

For the 2018-2019 school year, our school's focus has been improving our instructional practices in every classroom (Tier 1 instruction). Recently, we focused on Visible Learning and the 250+ influences on student achievement. Home plays an important role in student achievement. As a parent, you can help us by your involvement at our school. You are welcome to come in and visit. **Ask your child daily what he or she is learning at school and see what they need from you.** Try sitting down and watching your child do his or her homework daily. Thank you for promoting parental involvement. It takes a village to raise our children. Thank you for joining us and being a part of our Chilhowee village. 😊
