Study Strategies

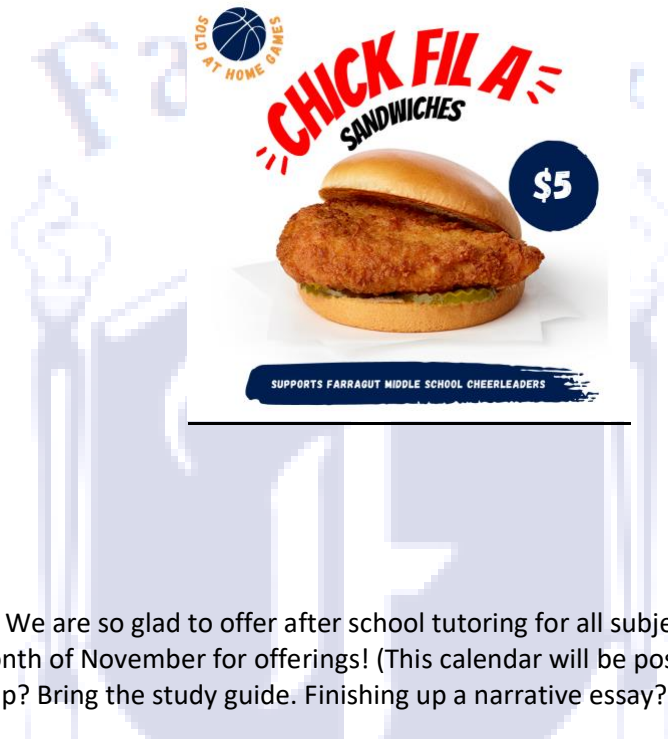

Due to parent request, FMS has categorized research on effective study strategies into very, moderately, and less effective. Please use the attached document (in English and Spanish) as a reference to help your student. Reach out to your student’s teacher if you have questions.

FMS Basketball

Link to Season Schedule: [LINK](#)

Home Games: Students are not to leave campus (down the hill) then return to campus without their parent/guardian. If a student leaves campus and returns, they must have a parent escort them in. Also, please make sure students are picked up promptly. We have the best student section in Knox County and with that distinction, we have high expectations for student behavior and for showing respect to individual players. If this becomes an issue, students will not be allowed to attend future games.

Chick-Fil-A Sandwiches will be sold before the next two home games starting on Monday, November 28 by the FMS Cheerleaders as a fundraiser. Cost is \$5 and supplies are limited, they will be sold after all students have been checked-in for the game.

After-School Tutoring

After School Tutoring is Back: We are so glad to offer after school tutoring for all subjects **by FMS teachers!** Please see the calendar linked for the month of November for offerings! (This calendar will be posted on our website under weekly updates) Have a test coming up? Bring the study guide. Finishing up a narrative essay? Bring in your rough draft.
