

I have received a copy of the Honors English 2 summer reading project. I understand this work must be submitted on the first full day of class, and if it is not, I will receive a 50%. Not completing the assignments will significantly impact my grade; however, I will not be removed from the honors class for choosing to ignore the work. This assignment is worth 5% of my total grade, and the first two units are based on these assignments.

Student's printed name

Student's signature
