

Educational Activities For The Summer

Fair Garden Parents,

Summer is a time to have fun and also stay academically engaged. We want to always keep our students learning, when they are young. The birth to PK years are the most important learning years in a child's life. Thank you for working with your child during these summer months to make sure they are ready, when school starts in August. Reading together, playing games, and exploring can be part of your summer fun and **summer learning**. Here are some fun ideas for spicing up summer learning with kids! Thank you for working with your child because these early years are precious and extremely important.

1. **Summer Reading and Activity Bingo** (Pre-K Pages)

<https://www.pre-kpages.com/summer-reading-and-activity-bingo/>

2. **Five Simple Tips for Summer Time Learning** (Teach Preschool)

<http://www.teachpreschool.org/2011/06/five-simple-tips-for-summer-time-learning/>

3. **Summertime Play Essentials** (Teach Preschool)

<http://www.teachpreschool.org/2014/06/summertime-play-essentials/>

4. **Pre-K Summer Packet** (Prekinders)

<http://www.prekinders.com/summer-packet/>

5. **Sponge Bombs** (Inner Child Fun) These DIY Sponge Bombs will provide your kids with an opportunity to explore absorption.
