

2023/2024 1:1 Device Information

This initiative was made possible by federal funding provided through the CARES Act, and will enable teachers to enhance their instruction through the use of technology. By making computers available to every student, we believe the district will have more flexibility to continue teaching during unusual circumstances, such as a weather event or a closure due to illness. Equally important, we believe that even during normal operations the availability of Chromebooks will provide new learning opportunities and prepare students to succeed in a world where technology plays such an important role.

**You will need your child's student ID number (they use this frequently in school). If unsure, this can be found on Aspen.

****Complete agreement by August 8th
(Chromebooks will be distributed
when students return)**

DIRECT LINK TO DEVICE AGREEMENT

All students will be assigned a Chromebook for use during normal school hours. A device agreement must be signed in order for the student to transport the Chromebook.

Insurance available is for all students to protect from unforeseen circumstances.

Recurring device damage, as well as act of negligence, may result in student take-home privilege revocation.

To protect the Chromebook, cases can be purchased from Amazon, Dell, and/or other retail shops. These can be moved to a new Chromebook in the event it is needed. Stickers are not permitted on the device. However, school appropriate stickers can be placed on personal, purchased cases.

DIRECT LINK TO PURCHASE INSURANCE

Due on or before September 30, 2023

Device insurance is available for a \$20 non-refundable fee for the 2023/2024 school year.

Payment can be made online or mailed downtown:
KCS Device Insurance, PO Box 314,
Knoxville, TN 37901

Payment will not be accepted at school locations.

Online payment can be made in up to four installments of \$5 each.

There is no waiver this year for Free and Reduced.
