

October 6, 2021,

Dear KCS Family,

We are informing you that the Comcast Internet Essentials coupon code that you received previously will expire on December 31, 2021. Please know that you will be unenrolled automatically and will not be charged. We hope this coupon code has helped your family with internet access to continue learning at home.

We would like to make you aware of a new benefit related to internet access. The Emergency Broadband Benefit (EBB) will provide a discount of up to \$50 per month towards broadband service for eligible households. Eligible households can also receive a one-time discount of up to \$100 to purchase a laptop, desktop computer, or tablet from participating providers if they contribute more than \$10 and less than \$50 toward the purchase price.

Included below is information on how to apply for EBB and how to check your eligibility. You can also apply directly through a provider. A complete list of providers participating in the EBB program is enclosed.
