# The importance of tests or activities in measuring learning

(HS) = High School only, (MS) = Middle School Only

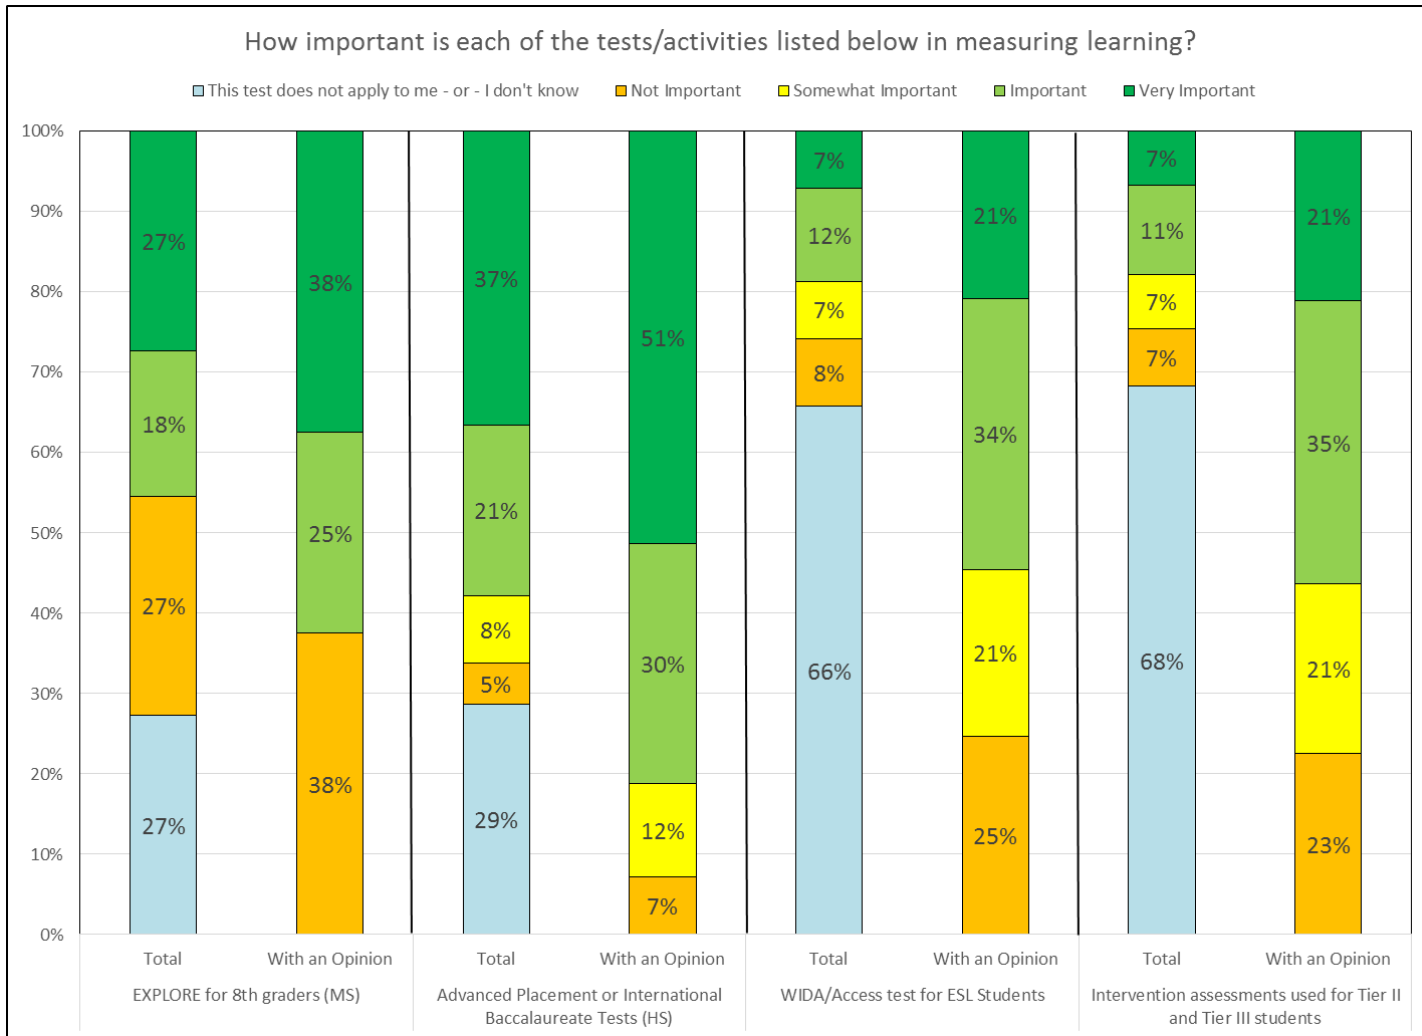

# How important is each of the tests/activities listed below in measuring learning?

# How important is each of the tests/activities listed below in measuring learning?

# How important is each of the tests/activities listed below in measuring learning?

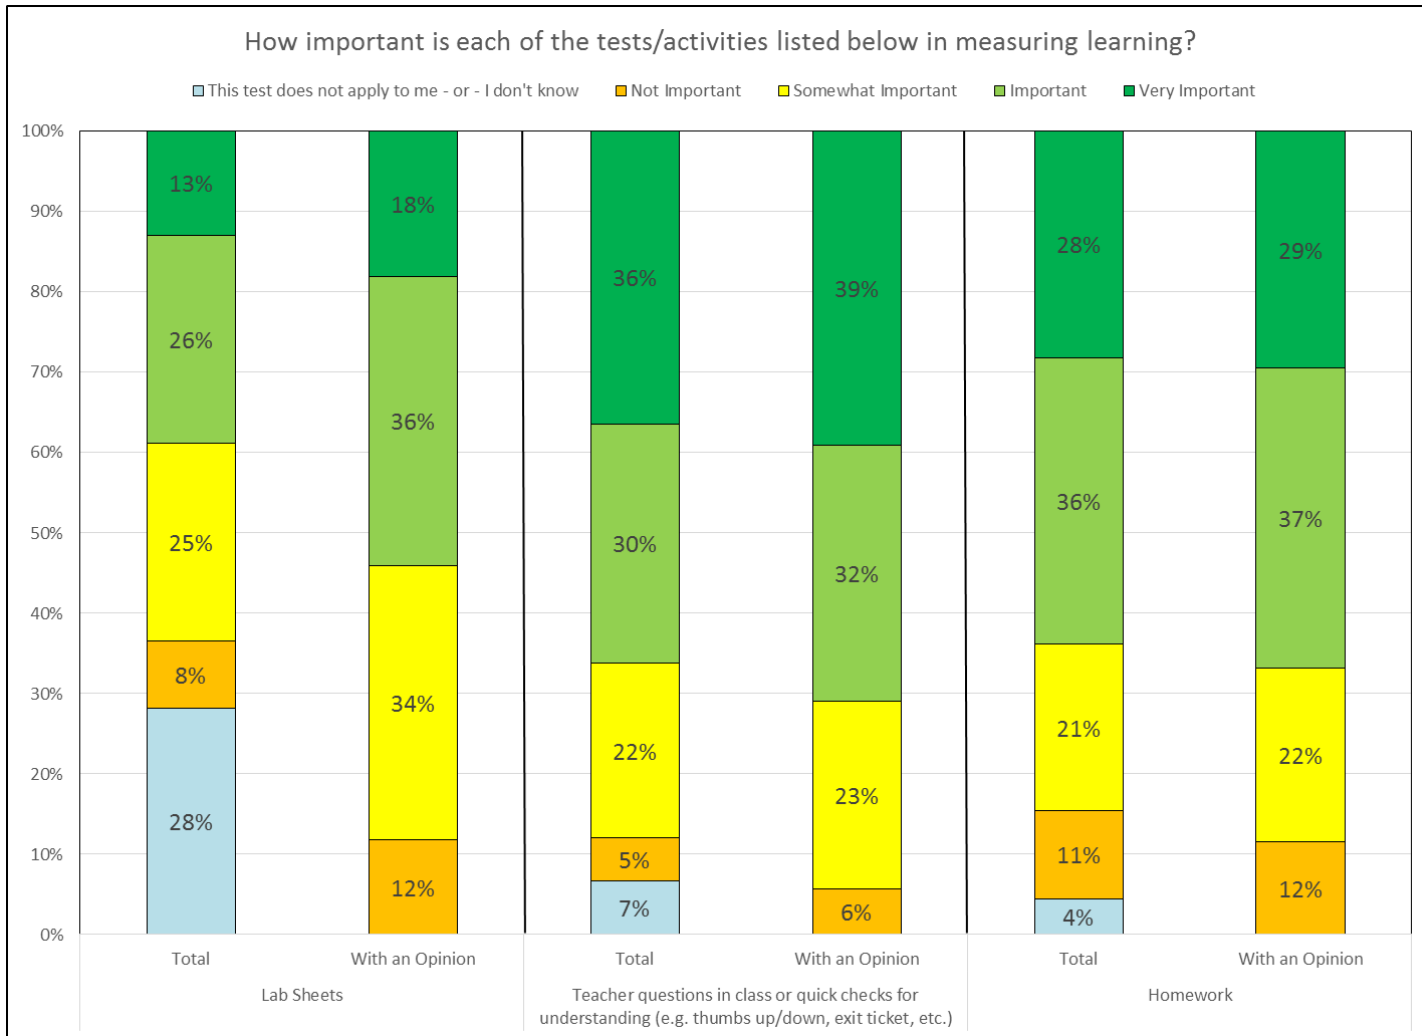

# How important is each of the tests/activities listed below in measuring learning?

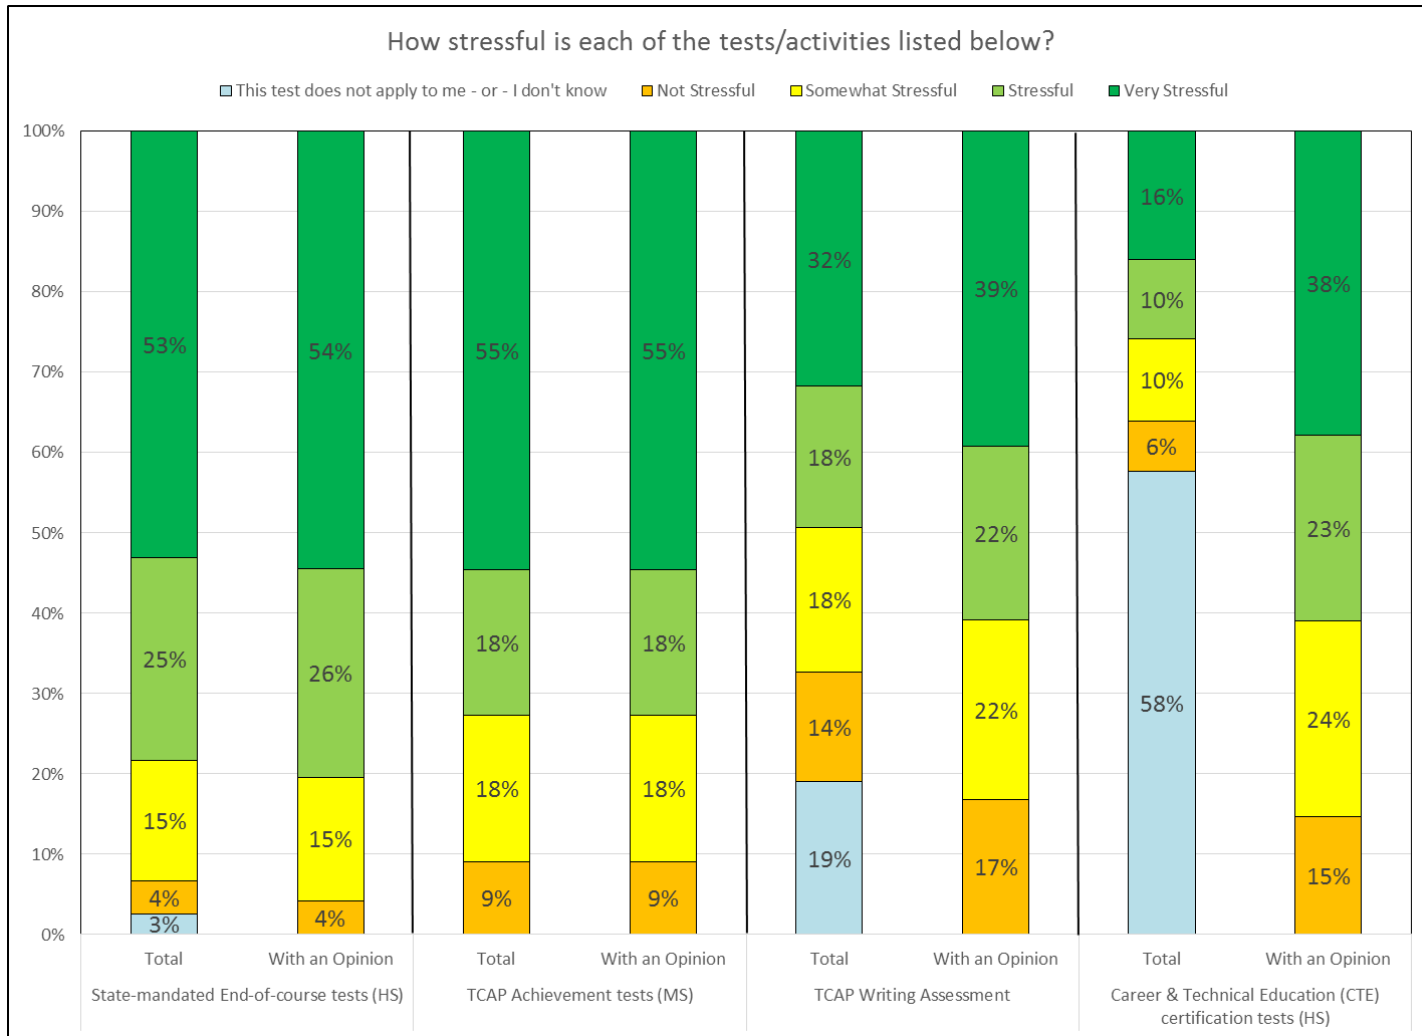

# How important is each of the tests/activities listed below in measuring learning?

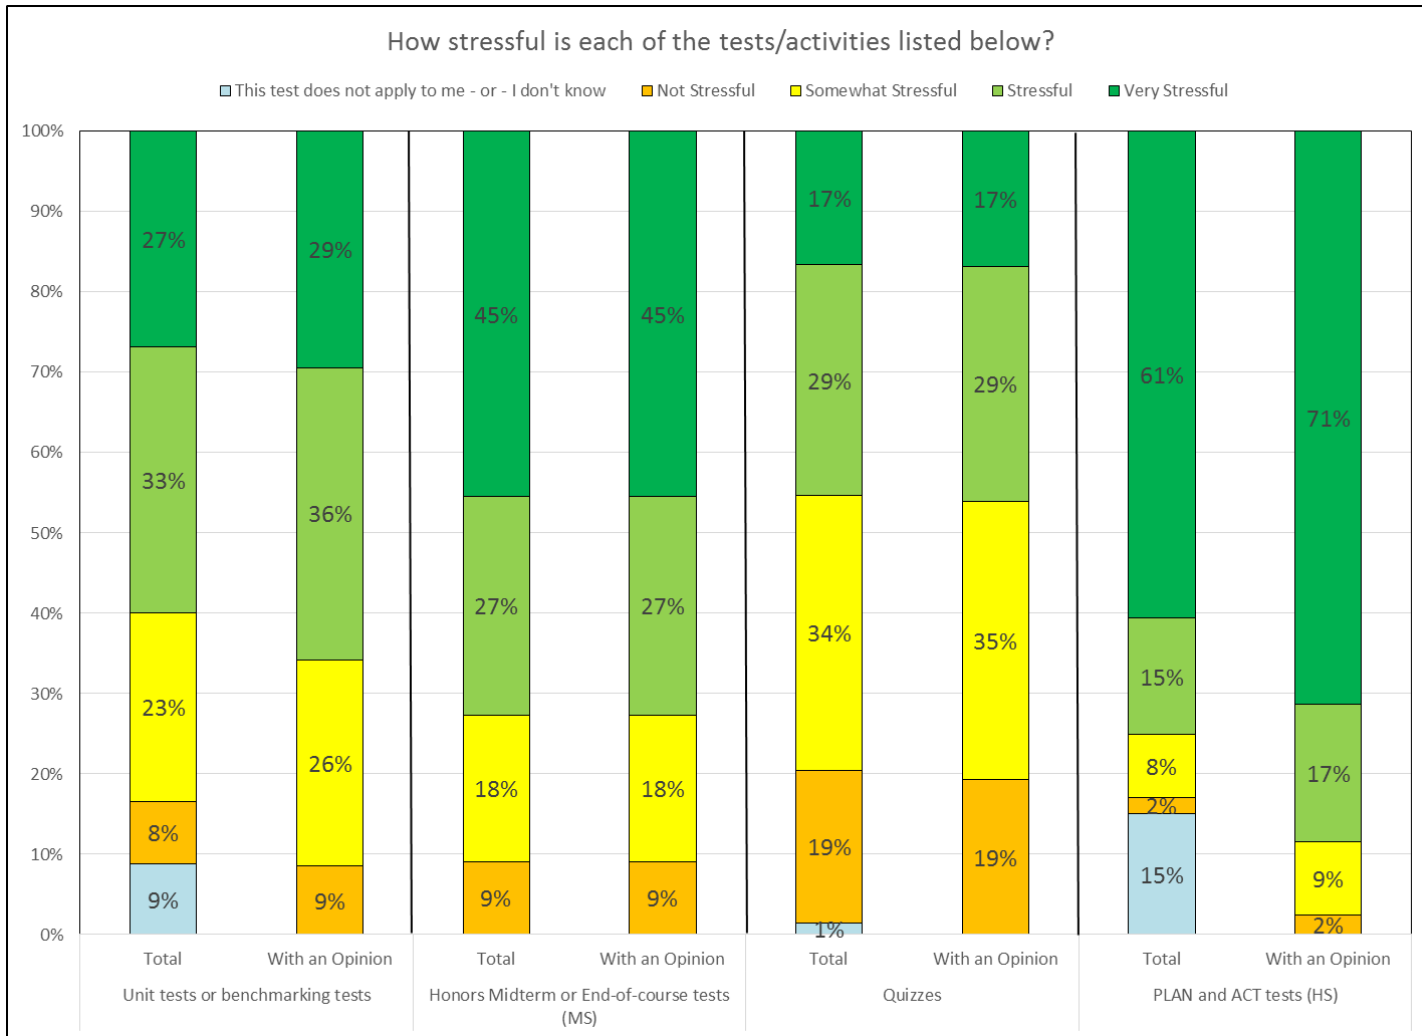

# The stressfulness of tests or activities

(HS) = High School only, (MS) = Middle School Only

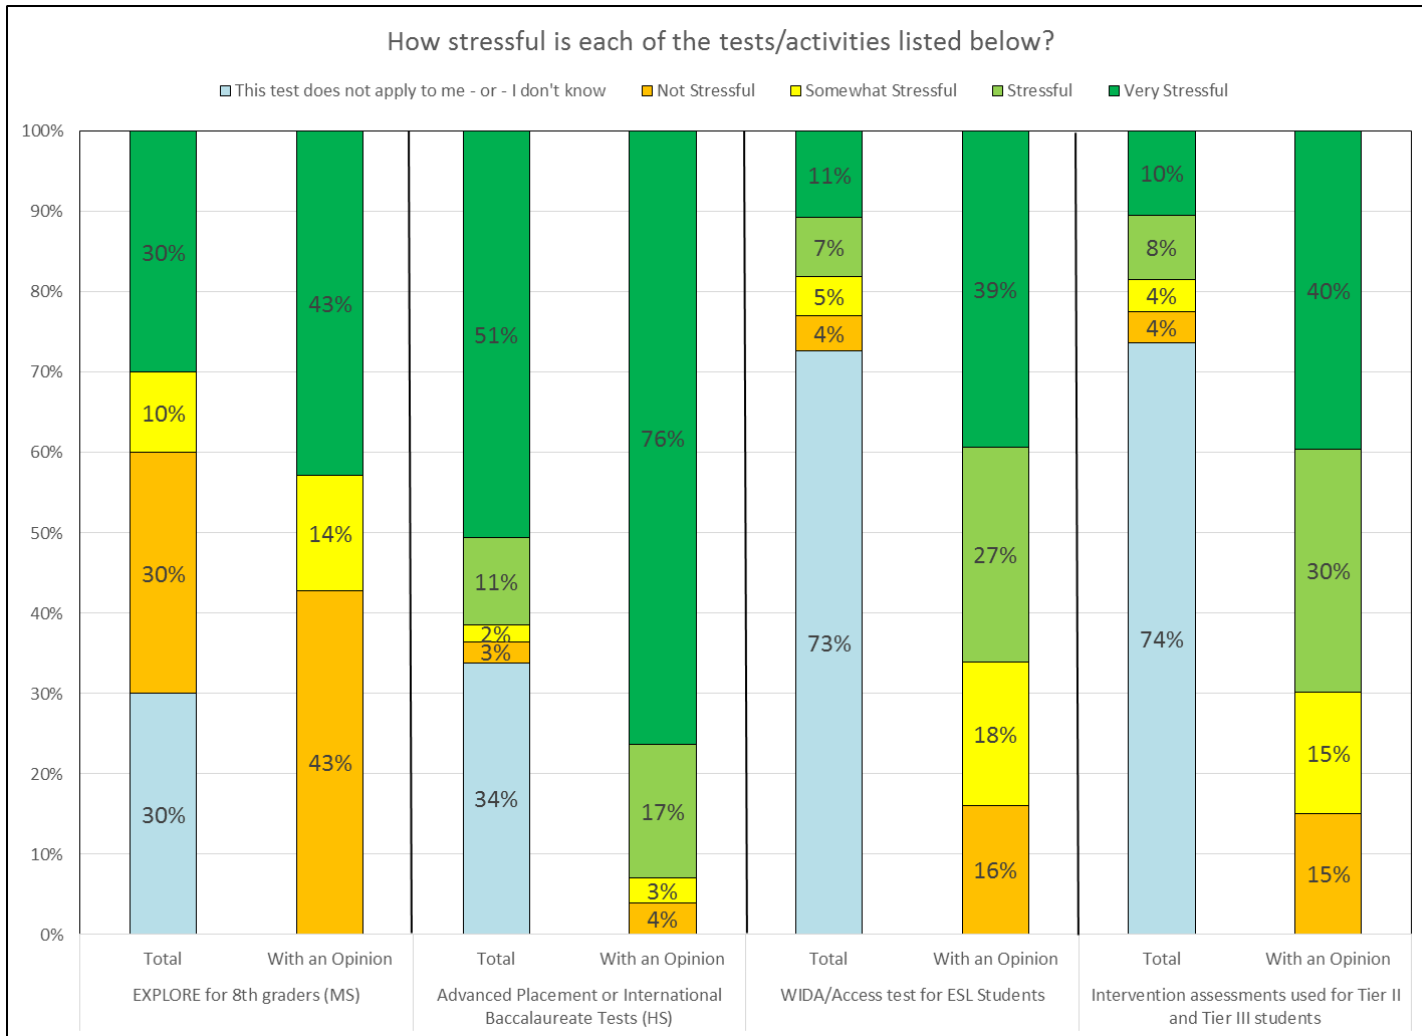

# How stressful is each of the tests/activities listed below?

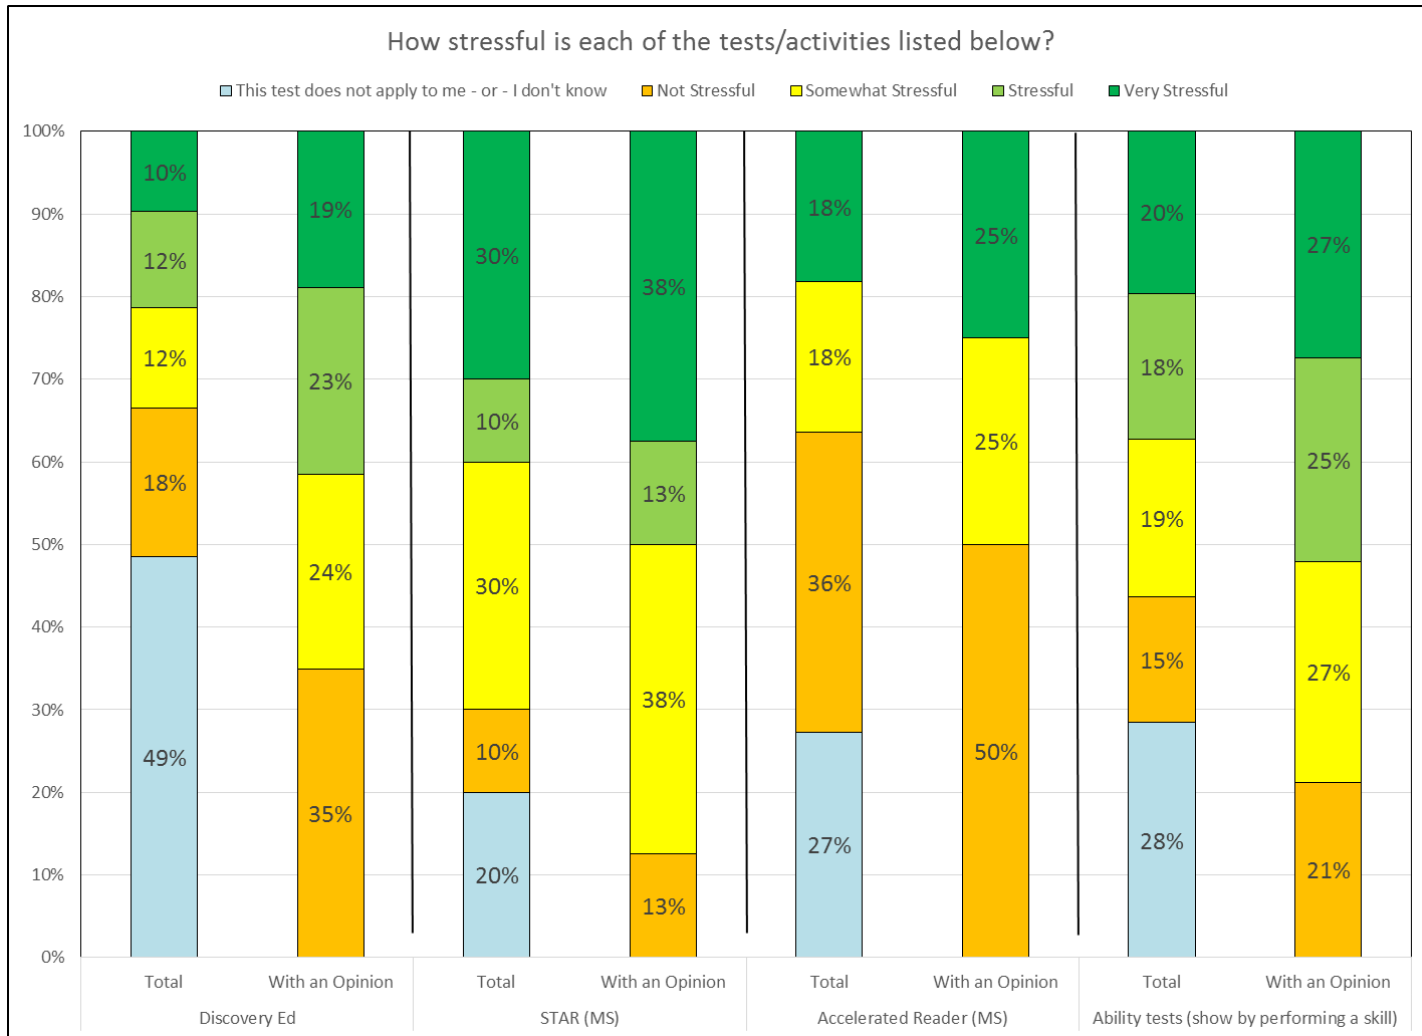

# How stressful is each of the tests/activities listed below?

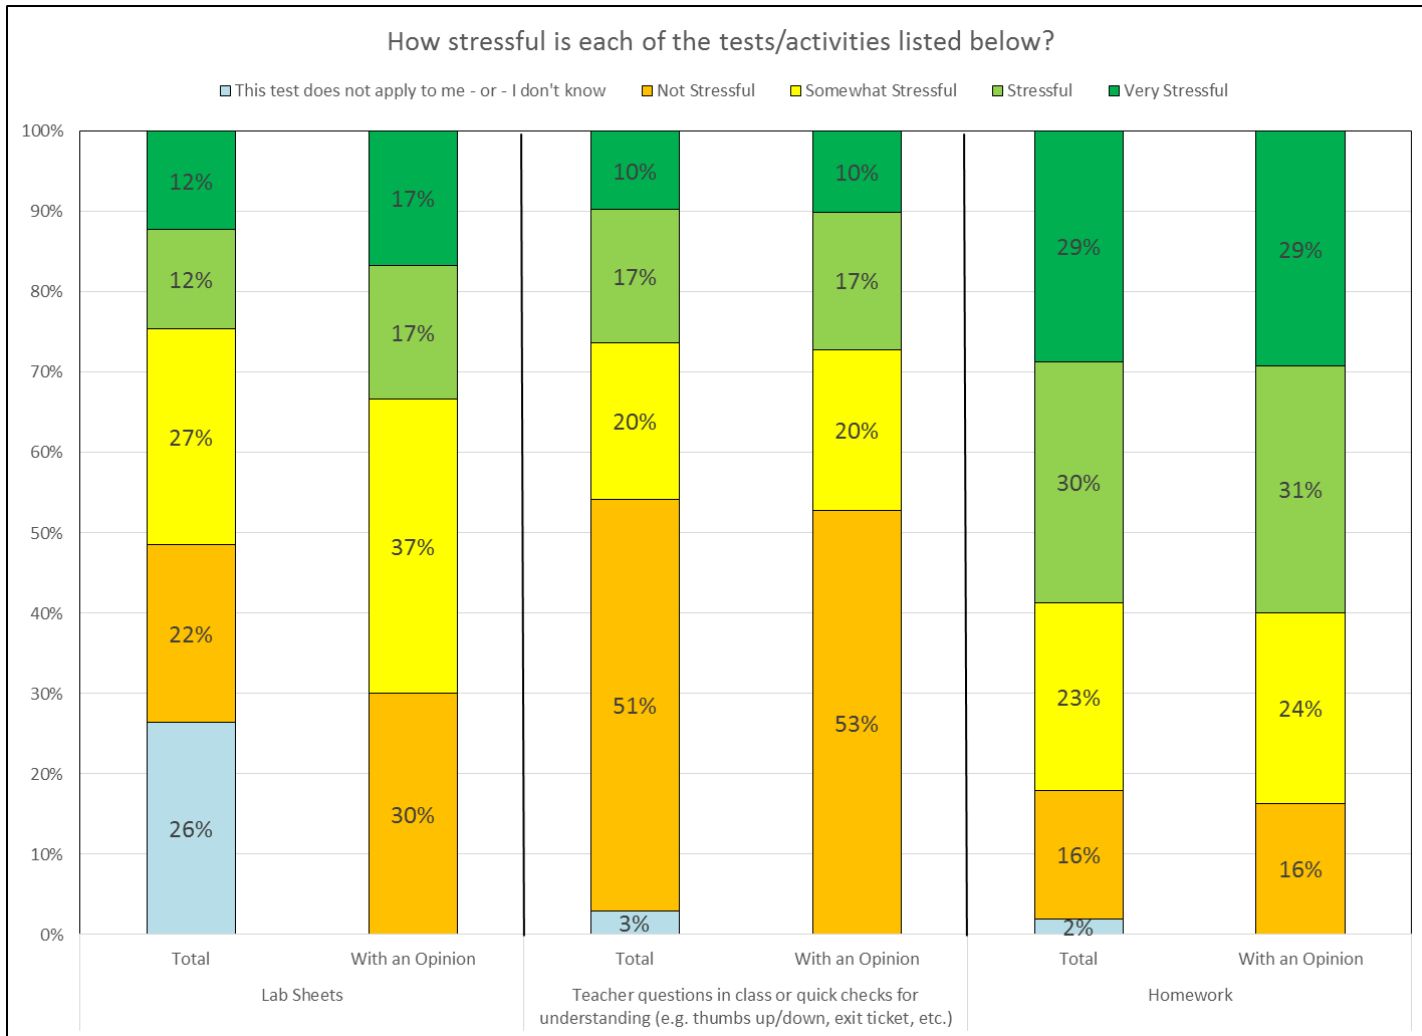

# How stressful is each of the tests/activities listed below?

# How stressful is each of the tests/activities listed below?

# How stressful is each of the tests/activities listed below?

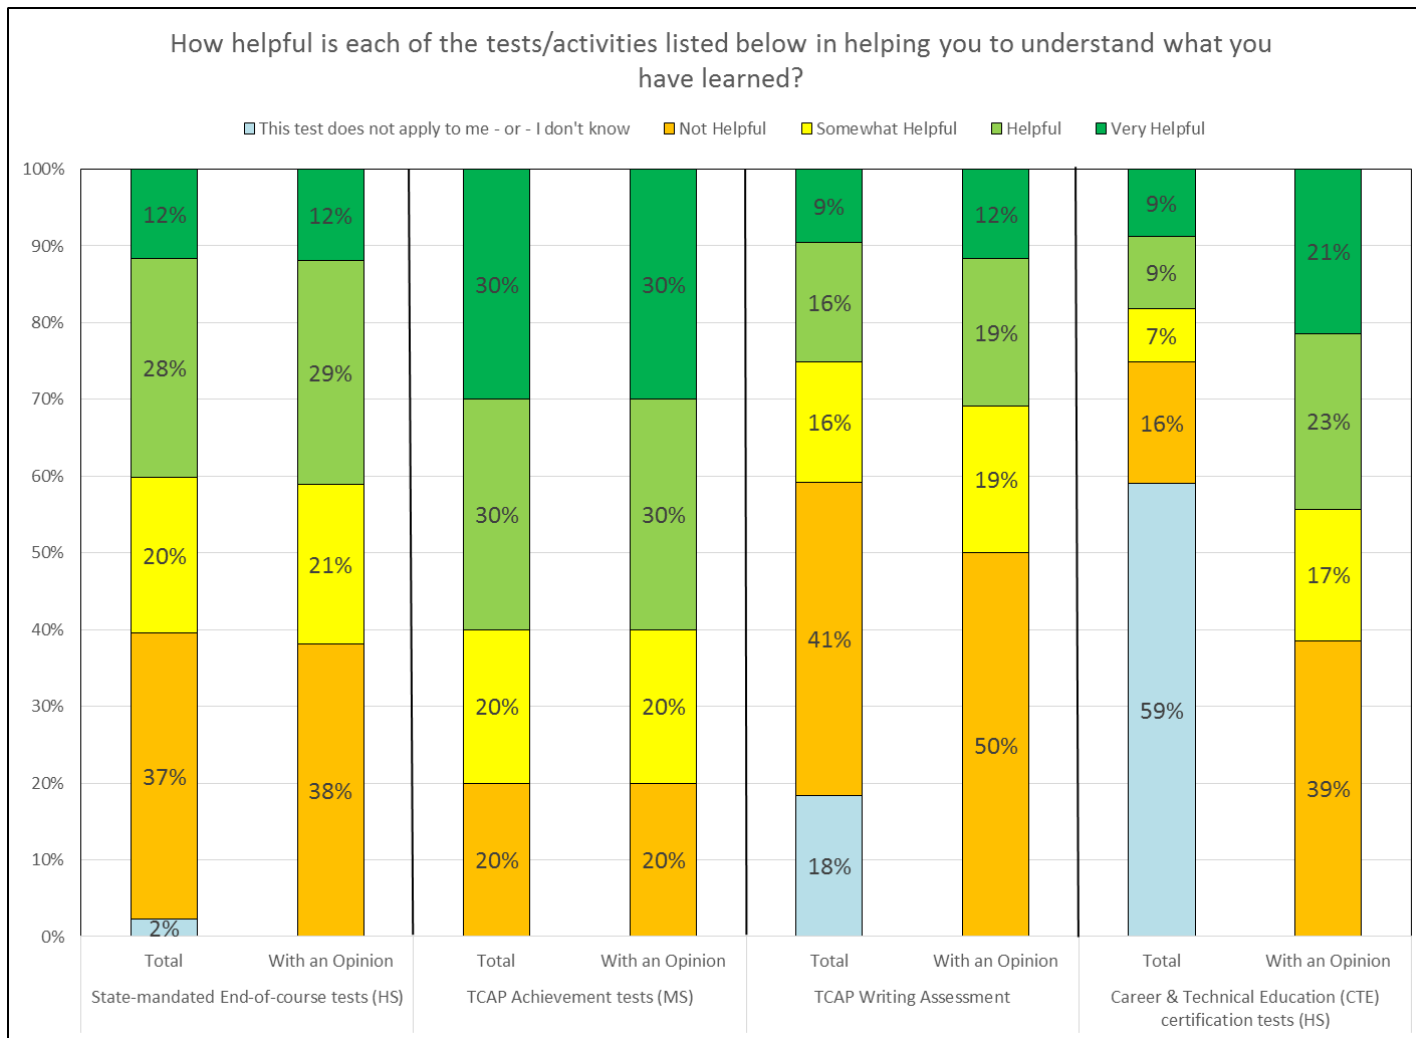

# The helpfulness of tests or activities in understanding learning

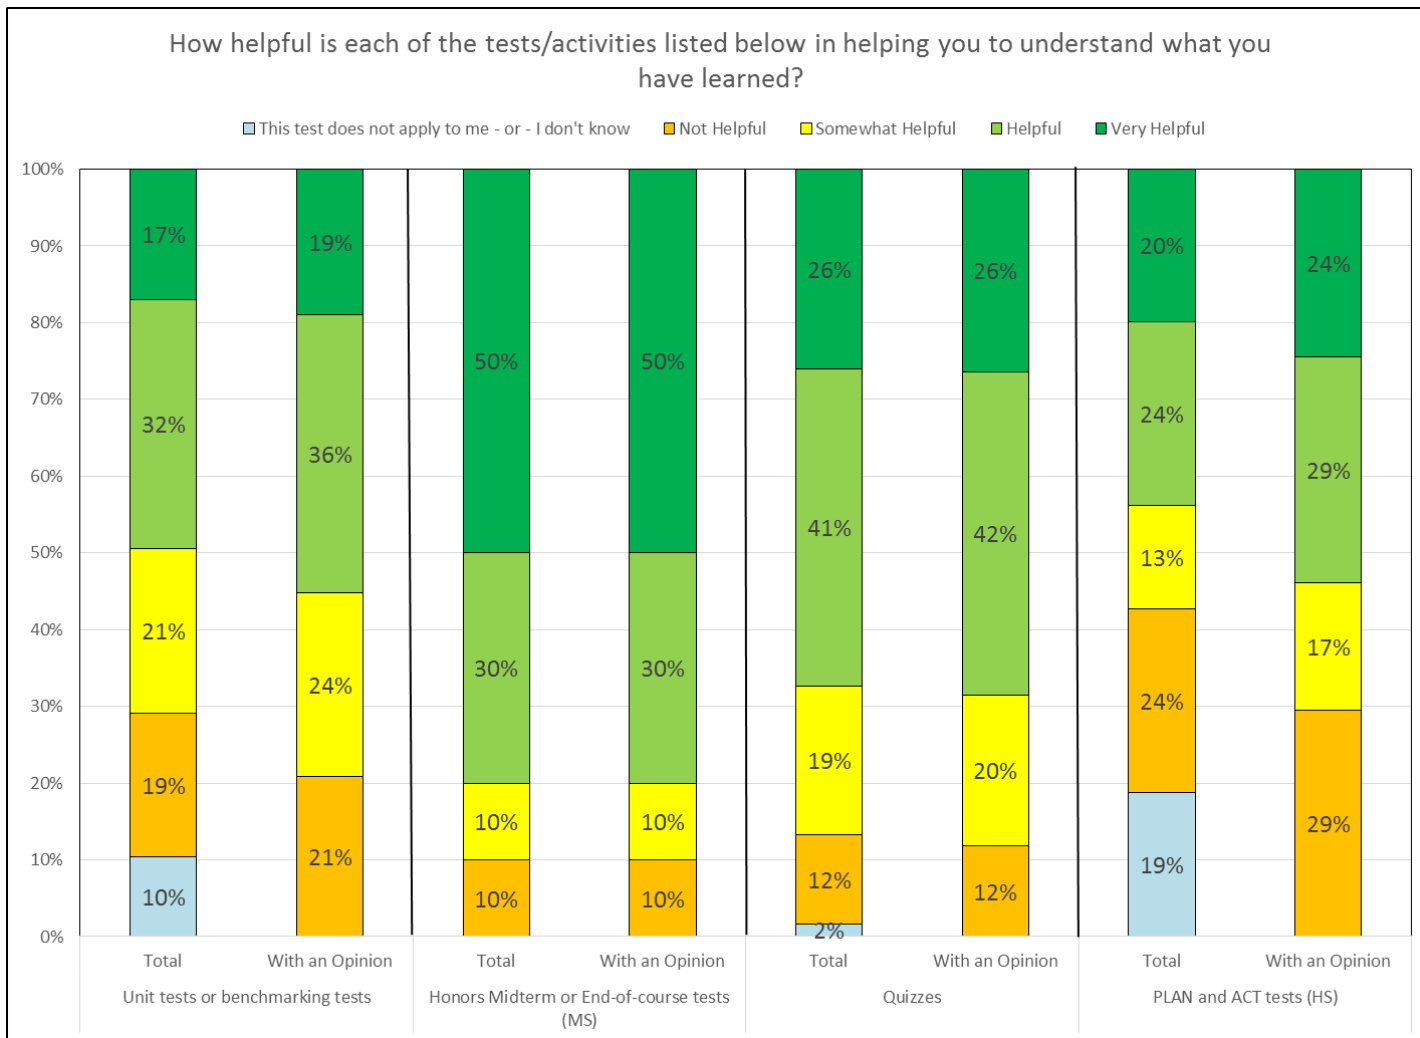

(HS) = High School only, (MS) = Middle School Only

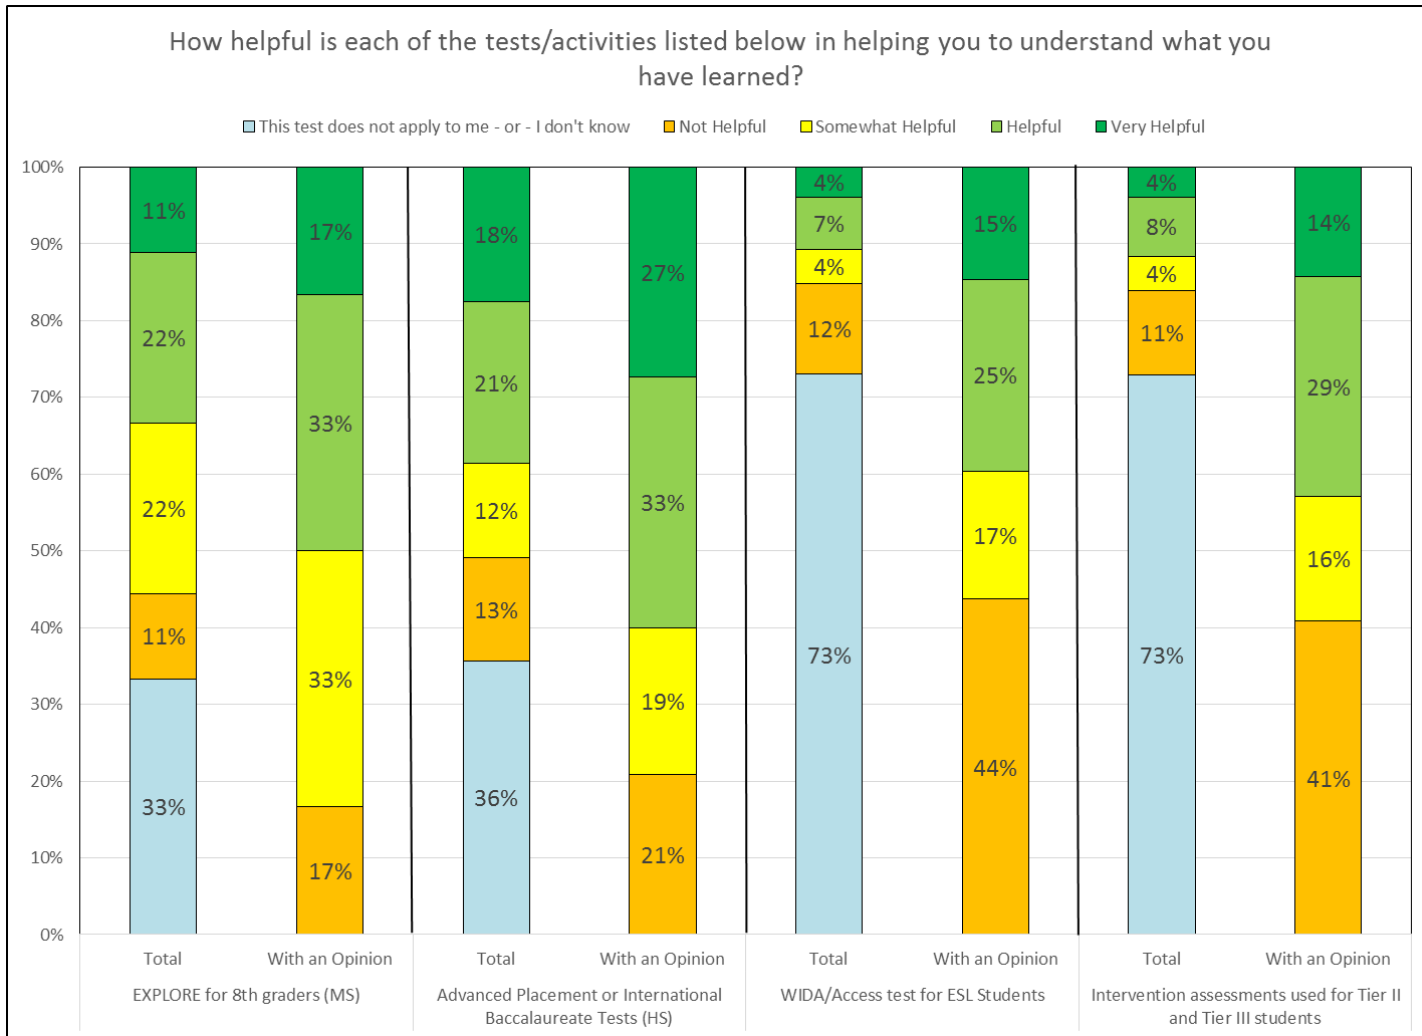

# How helpful is each of the tests/activities listed below in helping you to understand what you have learned?

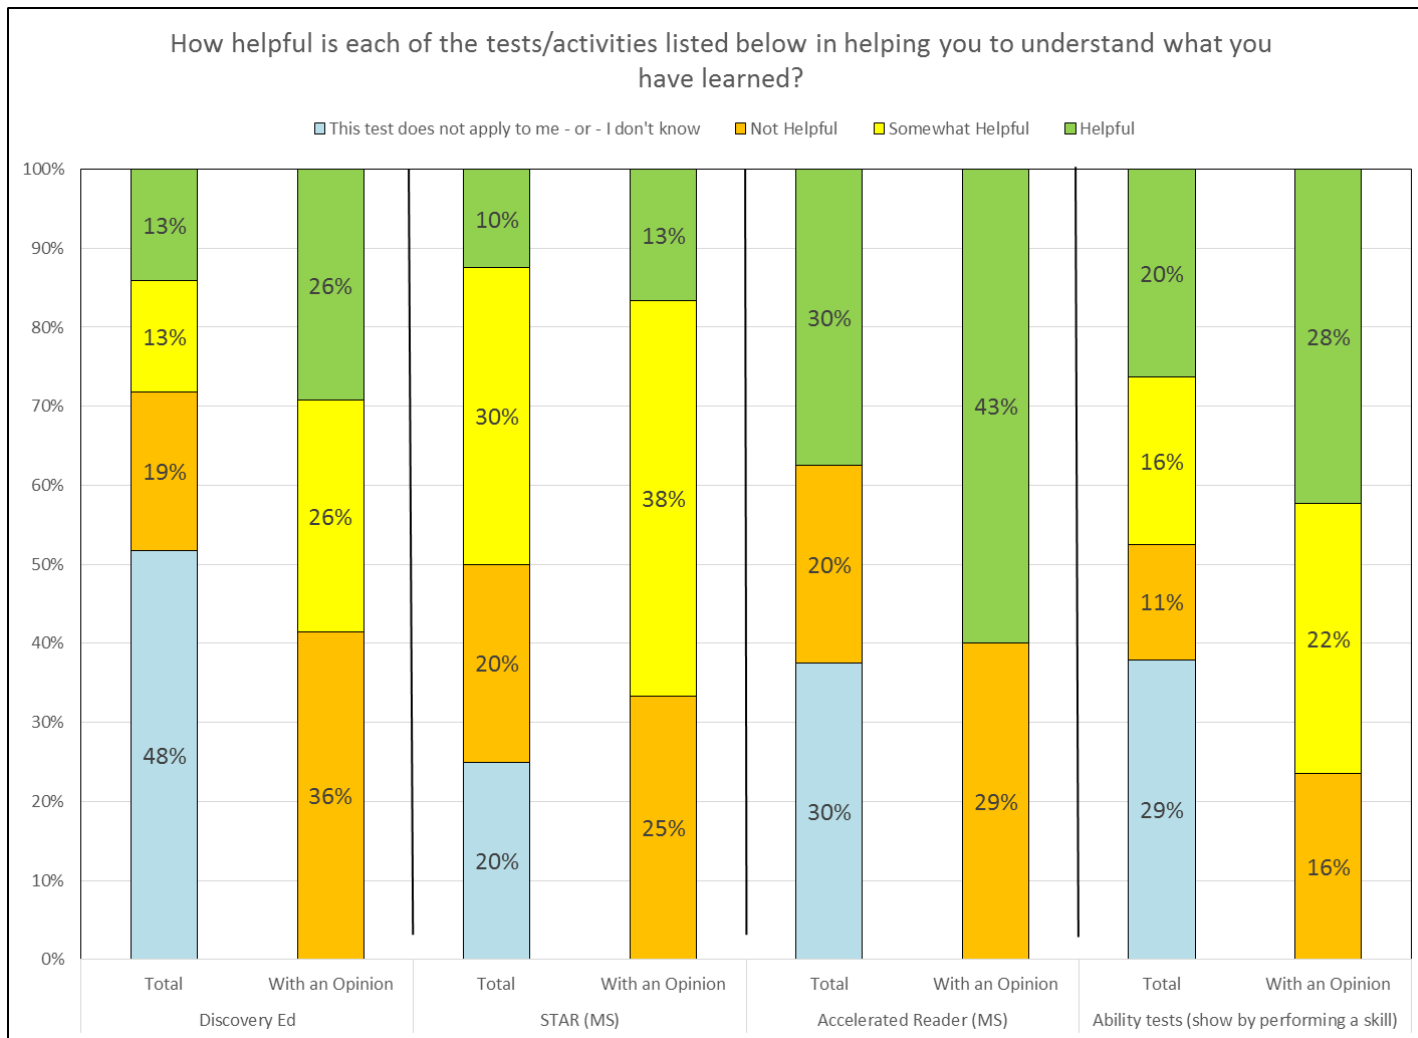

# How helpful is each of the tests/activities listed below in helping you to understand what you have learned?

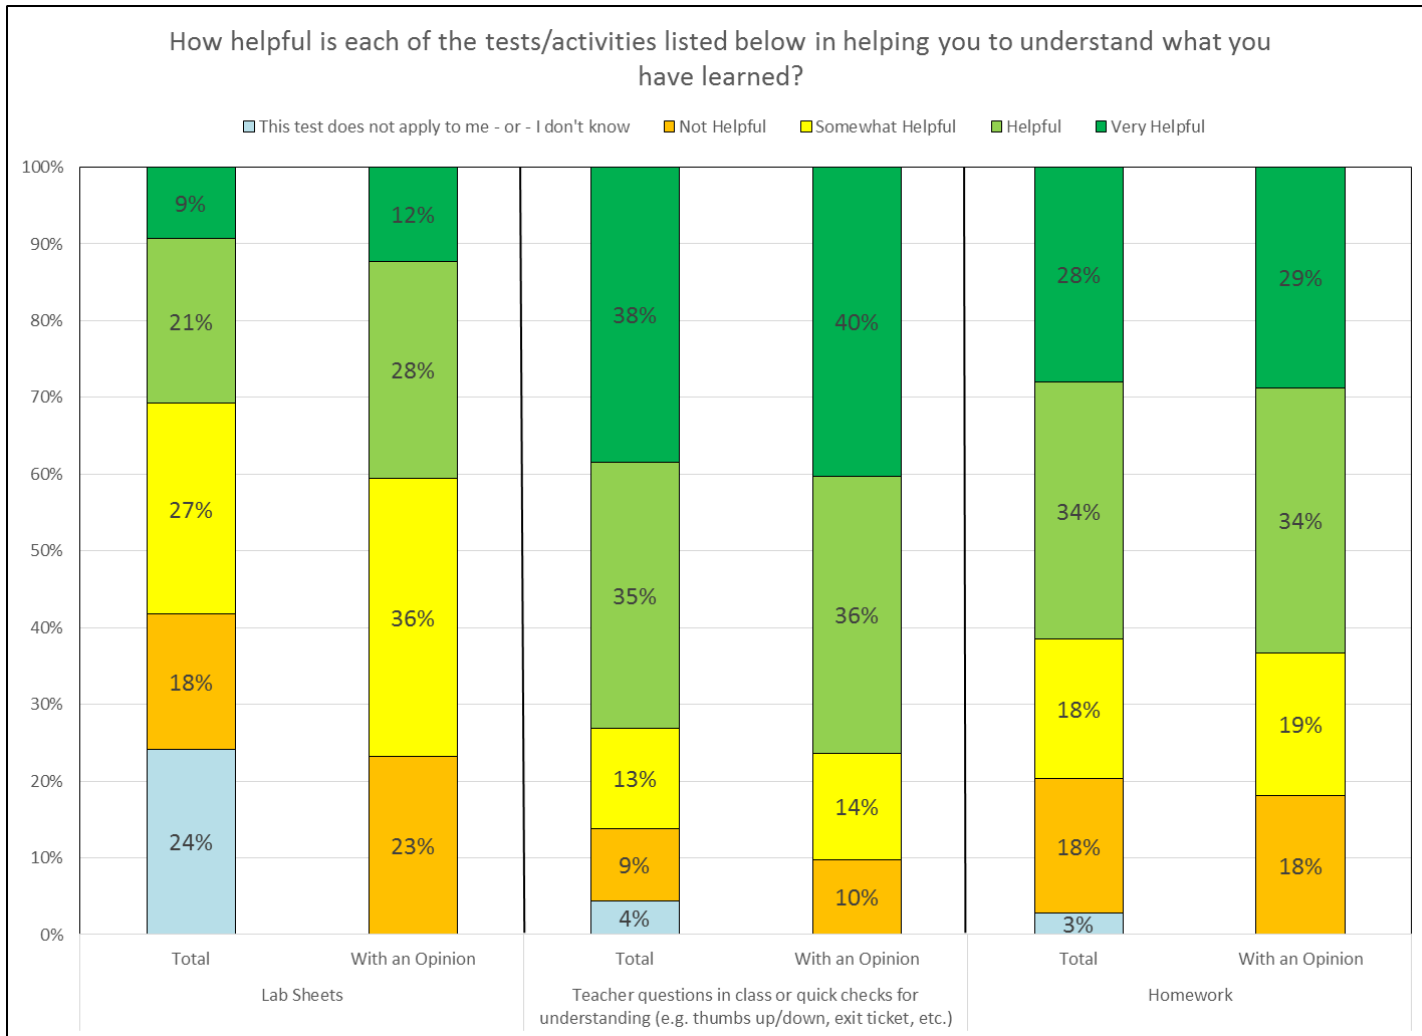

# How helpful is each of the tests/activities listed below in helping you to understand what you have learned?

# How helpful is each of the tests/activities listed below in helping you to understand what you have learned?

# How helpful is each of the tests/activities listed below in helping you to understand what you have learned?

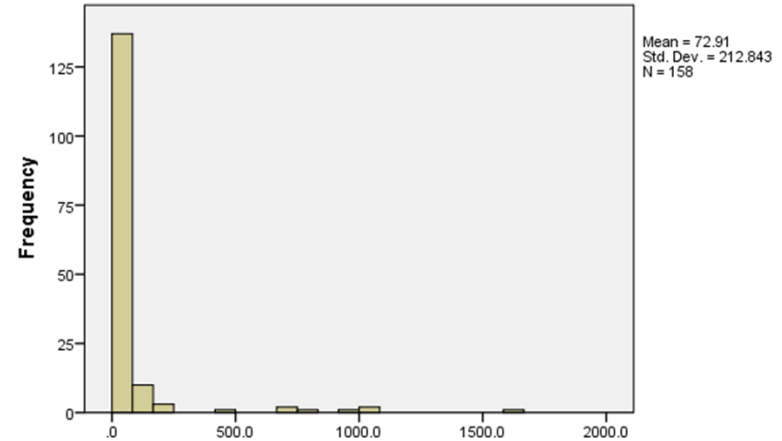

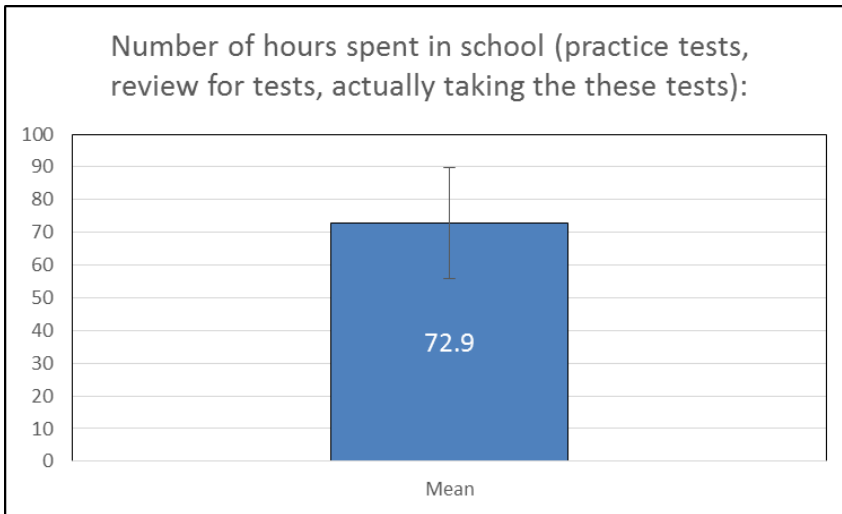

Hours spent doing homework or  
studying for tests per week

By Student Grade

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only.

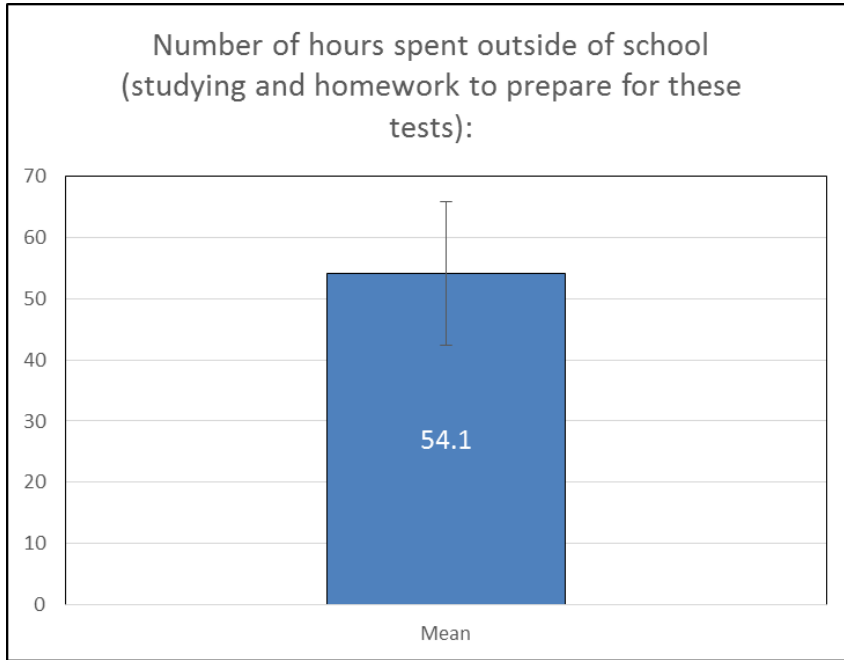

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only. - Number of hours spent in school (practice tests, review for tests, actually taking the these tests):

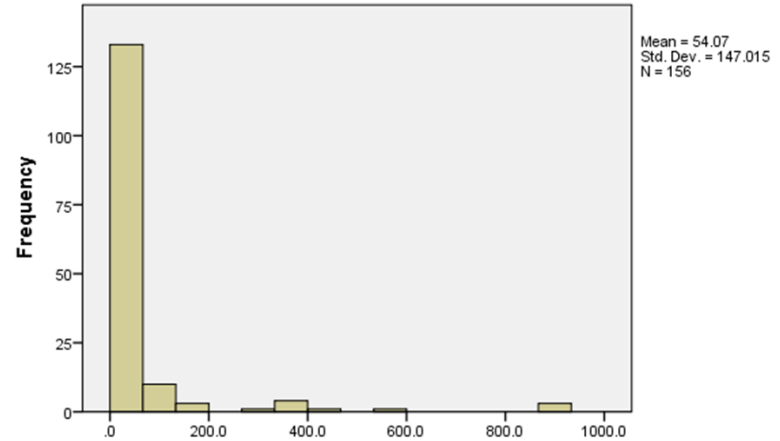

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only. - Number of hours spent in school (practice tests, review for tests, actually taking the these tests):

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only.	Mean	Median	Minimum	Maximum	Standard Error of Mean
Number of hours spent in school (practice tests, review for tests, actually taking the these tests):	72.9	15	0	1600	16.9

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only.

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only. - Number of hours spent outside of school (studying and homework to prepare for these tests):

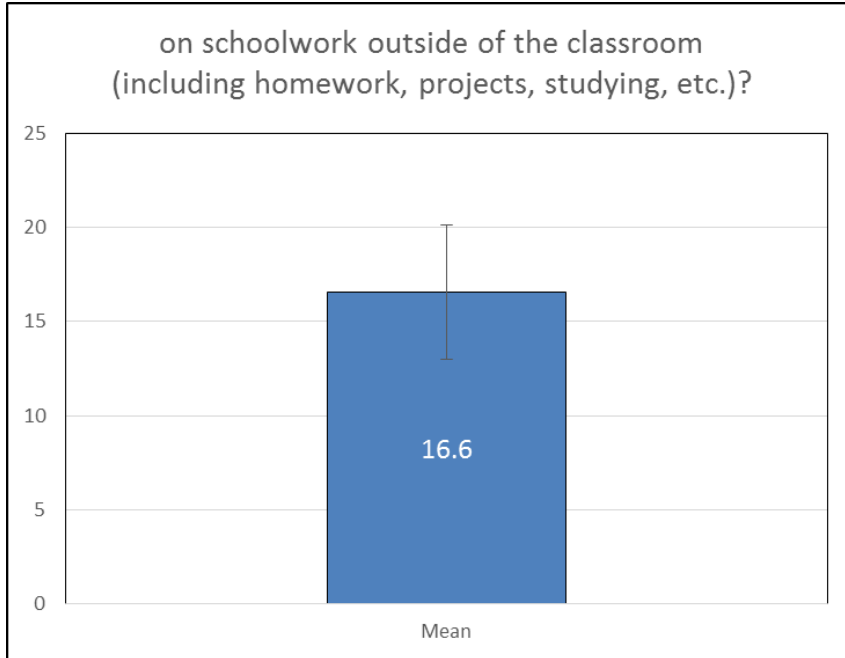

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only. - Number of hours spent outside of school (studying and homework to prepare for these tests):

During an average school year, please estimate the number of hours that you personally spend preparing for or taking state-mandated TCAP and EOC tests only.	Mean	Median	Minimum	Maximum	Standard Error of Mean
Number of hours spent outside of school (studying and homework to prepare for these tests):	54.1	8	0	900	11.8

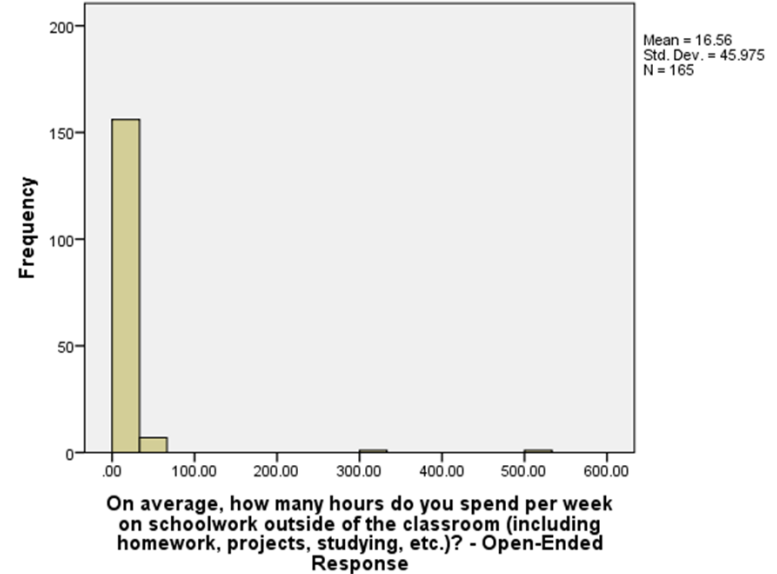

# On average, how many hours do you spend per week . . .

On average, how many hours do you spend per week on schoolwork outside of the classroom (including homework, projects, studying, etc.)? - Open-Ended Response

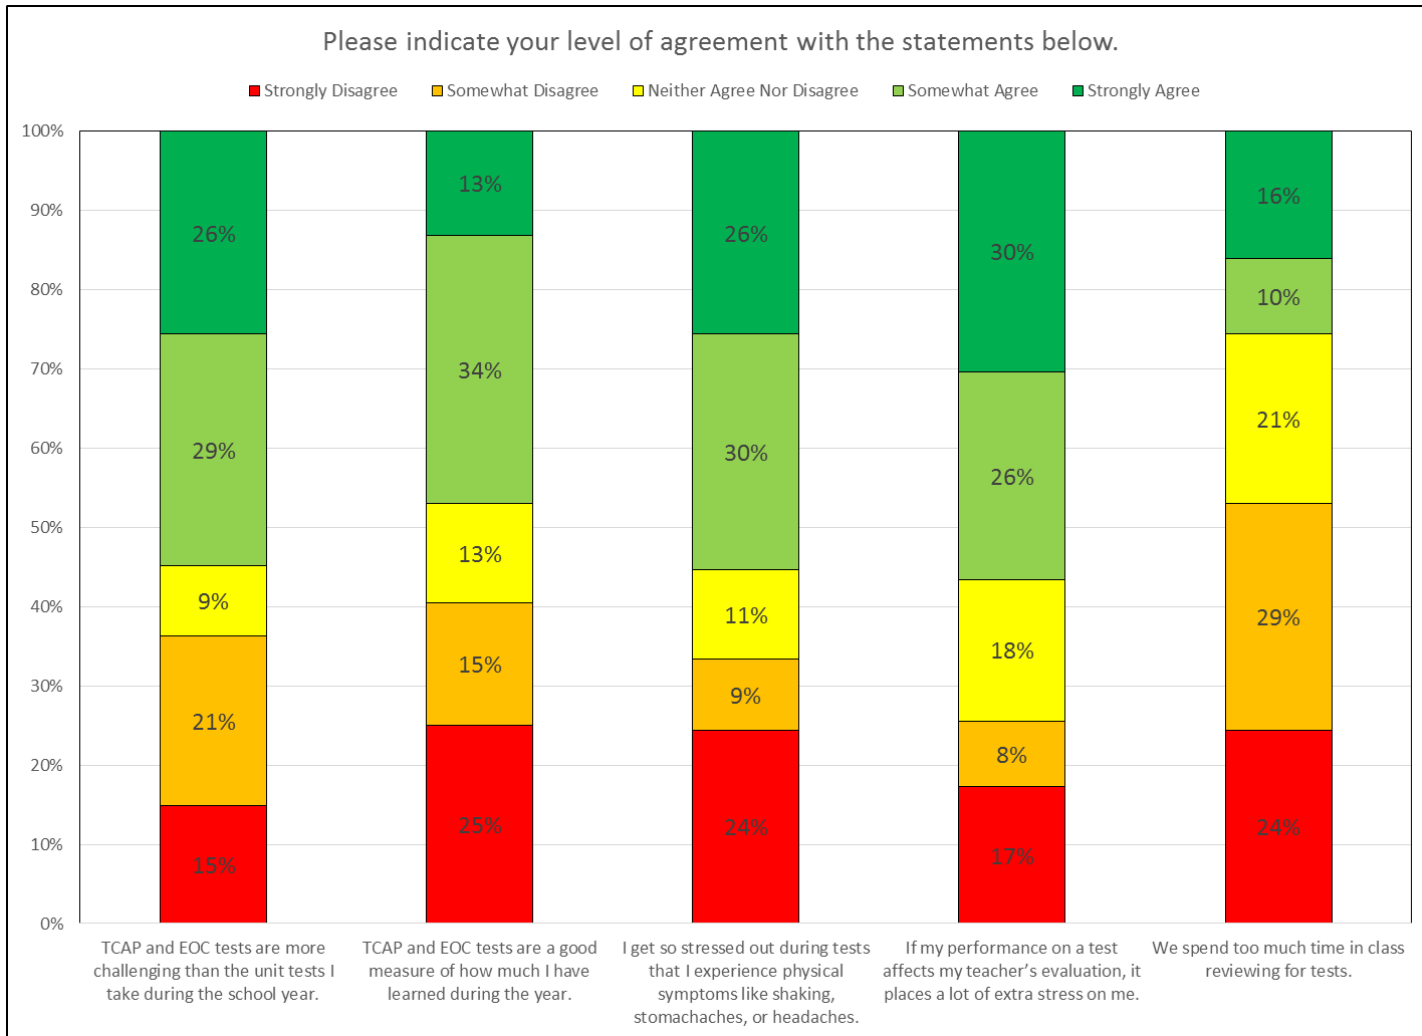

On average, how many hours do you spend per week	Mean	Median	Minimum	Maximum	Standard Error of Mean
on schoolwork outside of the classroom (including homework, projects, studying, etc.)?	16.6	9	0	500	3.6

# Levels of Agreement with Statements

# Please indicate your level of agreement with the statements below.

Information regarding test  
performance shared with family

# How is information regarding your performance on tests shared with you or your family?

How is information regarding your performance on tests shared with you or your family?	Percent
I check my results in the Student Information System (Aspen or Canvas)	59%
My parents/guardians often ask me how well I did on my tests	48%
I discuss my report card with my parents/guardians	46%
We discuss tests as a group during class	43%
I read the reports from the State about my performance on TCAP and/or EOC tests	39%
I receive written feedback from my teacher on tests	31%
My parents check my results in the Student Information System (Aspen or Canvas)	29%
I have individual conversations with my teacher regarding my performance	28%
My teacher and I set a target/goal for how I will perform on a future test	14%
I don't often have conversations with adults regarding my performance on tests	13%
My parents and teachers discuss my results during parent-teacher conferences	12%
My test results are discussed in IEP meetings	4%
My teacher mails/emails my test results to my parents	4%
Other	2%
