## Kindergarten Activity 2

### JOBS

Has anyone ever asked you, “What do you want to be when you grow up?” When someone does the same job for a while, and they are working to get better at that job it is called a *career*. Each career requires different types of tools and skills.

**Draw a line to match the tools to the correct job.**

# What Will My Hands Do?

Think about the career you would like to have when you grow up. Draw what a you would look like doing the job, including details that show what your hands would do in that job.
