

## Statistics Summer Assignment Spring 2020

What is Statistics? Why are you taking it? If you are not sure, I hope the following videos will help you answer these questions and help you to discover the value in the course. After watching the following videos, write a one page paper on why you should and why you are taking AP Statistics. The paper should be typed and in size 12 font. Refer to something from at least five of the videos in your paper. This is due no later than January 17, 2020. I am glad that you chose to take AP Statistics!
