Any student entering school for the first time must present:

1. Officially acceptable evidence of date of birth at the time of registration;

2. Evidence of a current medical examination. There shall be a complete medical examination of every student entering school for the first time. This applies to kindergarten, first grade and other students for whom there is no health record;

3. Evidence of state-required immunization;

4. Proof of residency in school zone.

The name used on the records of a student entering school must be the same as that shown on the birth document unless evidence is presented that such name has been legally changed through a court as prescribed by law. If the parent does not have or cannot present a birth document then the name used on the records of such student must be the same as that shown on documents which are acceptable to the school principal as proof of date of birth.

A child whose care, custody and support has been assigned to a resident of the district by a power of attorney or order of the court shall be enrolled in school provided appropriate documentation has been filed with the district office.

A student may transfer into the school system at any time during the year if his parent(s) or legal guardian moves his residence into the school system.

A person eighteen (18) years of age or older who applies for admission must have the application approved by the principal or Superintendent or his designee when:

1. He fails to enroll within thirty (30) calendar days after school officially starts; or

2. He has dropped out of school and wants to re-enter.

Parents, guardians, or legal custodians of students who enter school who have been judged delinquent for an offense involving murder, rape, robbery, kidnapping, aggravated assault or reckless endangerment shall provide to the principal an abstract of record or other similar written information. This information shall be shared only with school employees who have responsibility for classroom instruction of the student. Such information is otherwise confidential and shall not be released to others except as required by law. The written notification shall not become a part of the student's record.
