III. Policy:

- A. The purpose of the CIP is to document the planning, scheduling, approval, and anticipated financing for capital projects over a rolling multi-year period.
- B. Construction projects and capital asset purchases that generally cost in the aggregate more than \$100,000 and/or have a useful life of greater than seven years are included in the CIP.
- C. The Director of Schools is to prepare CIP project proposals and present the requests to the Board. Once a request has been approved by the Board, the district is to forward to the

1 Knox County Department of Finance the approved request along with the Director of  
 2 Schools estimate of any and all future operating costs associated with the project that are  
 3 not included in the CIP.  
 4

- 5 D. The Knox County Department of Finance and County Mayor will review the CIP requests  
 6 and make recommendations to the County Commission. The final CIP recommended by  
 7 the County Mayor will include financing of the CIP request. Budget appropriations for  
 8 projects included in the first year of the CIP are included in the district's annual Capital  
 9 Budget which is subject to Board and County Commission review and approval. Financing  
 10 for the Capital Budget will come from General Obligation Bonds and other sources. If a  
 11 specific current revenue source is identified for a CIP request, then that funding is included  
 12 in the CIP.  
 13

14 Budget appropriations included in the first year of the approved CIP, for which financing is  
 15 planned for the upcoming fiscal year, are required to be approved by the County  
 16 Commission. Budgetary approval for projects planned for subsequent years, for which  
 17 financing is planned in those future years, is generally not obtained during the first year of  
 18 the CIP and is subject to revision in subsequent years.  
 19

- 20 E. Capital assets, whether purchased or constructed, are recorded at historical acquisition cost  
 21 (or estimated historical cost, if historical cost is not available). Donated capital assets are  
 22 recorded at estimated fair market value at the date of donation. Historical acquisition cost  
 23 includes the purchase price of the asset, plus related ancillary charges necessary to place  
 24 the asset in its intended location or to prepare it for its intended use. Such charges include,  
 25 for example, legal and title fees, closing costs, land-preparation costs, architect fees, and  
 26 transportation charges.  
 27

- 28 F. The capitalization threshold is used to determine the proper reporting of capital asset  
 29 additions based on the expenditures, individually or in the aggregate, incurred to acquire  
 30 the asset. For district capital asset additions (for example land, buildings and building  
 31 improvements, vehicles, machinery and equipment, and intangible assets), the  
 32 capitalization threshold is \$10,000.  
 33

- 34 G. Additions to existing capital assets are recorded as capital assets only if (1) the additional  
 35 expenditures, individually or in the aggregate, exceed \$10,000 and (2) the addition extends  
 36 the useful life of an existing asset or enhances its functionality. Costs of routine recurring  
 37 maintenance and repairs that do not add to the value of an asset or do not materially extend  
 38 the useful life of an asset are not capitalized. Such items are reported as  
 39 expenditures/expenses in the period in which they are incurred.  
 40

- 41 H. Capital assets that meet the capitalization threshold and, therefore, are recorded as district  
 42 assets are depreciated, the exception being land, which is not depreciated. Depreciation is  
 43 calculated using the straight-line method over the estimated useful lives of classes of  
 44 assets, which are:  
 45  
 46  
 47  
 48  
 49  
 50

<u>Asset Class</u>	<u>Useful Life (Years)</u>
Buildings	45
Land Improvements	10-20
Public Doman Infrastructure	40
System Infrastructure	25
Vehicles	5
Machinery and Equipment	5-20
Intangible Assets	5-10

I. Any capital assets that are declared surplus property shall be disposed of in accordance with the Procurement Code of Knox County.

IV. Quality Control and Quality Assurance:

It is the responsibility of the Director of Schools to ensure the presence of procedures that provide sufficient guidance to affected KCS personnel to fulfill the intent of this policy.

3 Purchasing will be done in compliance with the Procurement Code of Knox County and in accordance  
4 with Knox County Purchasing Regulations and Knox County Purchasing Electronic Commerce Card  
5 Program.<sup>1</sup>  
6

7 Section 2-580 of the Procurement Code of Knox County exempts internal school funds, school activity  
8 funds, cafeteria funds, and concession funds from the Code and states that these funds shall be governed  
9 by procedures contained in the Tennessee Internal School Uniform Accounting Policy Manual as  
10 provided for in Tennessee Code Annotated 49-2-110 and adopted by the Knox County Board of  
11 Education (See Board Policy D-241).  
12

13 **ROUTINE PURCHASES**

14  
15 Routine purchases shall include expenditures for supplies, salaries, and routine expenditures required for  
16 the operation of the school system. These expenditures shall be anticipated and provided for in the budget  
17 and will normally be authorized by the Board at the beginning of the fiscal year. The Director of Schools  
18 shall make all routine purchases without further Board authorization. However, the Board shall be  
19 promptly informed if any substantial variation from budgeted estimates becomes necessary.  
20

21 **SPECIAL PURCHASES**

22  
23 Special purchases are those which are not routine and which may or may not be specifically identified by  
24 line item in the budget. Examples of special purchases are all capital expenditures such as for vehicles,  
25 buildings, major contracts, purchases of major equipment, items for long-term use and supplies of an  
26 unusual quantity or nature. All purchases in this category shall require specific prior Board approval on an  
27 item-by-item basis. In its approval, the Board may place constraints on the Director of Schools requiring  
28 Board evaluation and/or approval at various steps in the procurement process. This will be determined by  
29 the Board on an individual basis depending on the nature of the procurement action.  
30

31 **EMERGENCY PURCHASES**

32  
33 Emergency purchases are those which are necessary to avert hazards which threaten health or safety, to  
34 protect property from damage or to avoid major disruption of educational activities. If within budgetary  
35 limits and deemed essential, emergency purchases may be made by the Director of Schools. However, if  
36 the purchase is of such significant magnitude as to impact on the integrity of the budget, the Chairman  
37 shall call a special or emergency meeting of the Board to deal with the matter. In any event, the Board  
38 shall be advised promptly of all emergency purchases.  
39

40 Purchases made by anyone not authorized by the appropriate officials shall become the personal  
41 responsibility of the persons making the purchase agreement. The Board will not, under any  
42

1 circumstances, be responsible for payment for any material or supplies purchased by unauthorized  
2 individuals or in an unprescribed manner.

### 4 **PURCHASING AUTHORITY**

5  
6 The Director of Schools or the Director's designee shall be authorized to act for the Board in acquiring  
7 federal surplus property through the Tennessee General Services Department for surplus property and in  
8 entering into agreements, certifications and covenants of compliance concerning the use of federal surplus  
9 property.

10  
11 The Director of Schools is authorized to purchase any needed items through suppliers approved on the  
12 state bid list.

### 14 **LOCAL PURCHASING**

15  
16 The Board will purchase locally whenever other conditions are comparable.

### 18 **COOPERATIVE PURCHASING**

19  
20 The Board, at its option, will join in cooperative purchasing with other school systems to take advantage  
21 of lower prices for bulk purchasing and to reduce the cost involved in bidding whenever such buying

**MANAGEMENT AND ACCOUNTING SYSTEM**

The Board authorizes each school to receive activity funds, such as athletic funds, student organization funds, and any other funds belonging to a student group, class, or activity, and other internal school funds, such as athletic gate receipts and school class funds.<sup>1</sup>

Whatever the source, all internal school funds shall be under the jurisdiction of the Board and under the specific control of the school principal.

Contracts with fund-raising agencies must comply with Board policy and be approved by the school principal.

Each principal is to manage and account for activity funds and other internal school accounts under the principal's jurisdiction in accordance with the *Tennessee Internal School Uniform Accounting Policy Manual (TISUAPM)*.<sup>2</sup>

**FINANCIAL RECORDS**

Records of student activity fund and other internal school fund receipts and disbursements, such as those kept in cashbooks and ledger journals, must be maintained in accordance with the TISUAPM.

Any such financial records or papers, which may be destroyed according to the law, shall be disposed of in such a manner as to ensure complete destruction.

**INTERNAL CONTROL SYSTEM**

Control systems must be in place, at each school, to provide reasonable, but not absolute, assurance that internal school funds are spent and any related inventories are used in accordance with laws, regulations, and policies; internal school funds and related inventories are safeguarded against waste, loss, and misuse; and reliable financial information can be obtained, maintained, and fairly presented and reported.<sup>3</sup>

**ANNUAL BUDGETS BY EACH SCHOOL PRINCIPAL**

Each principal shall prepare each fiscal year, a budget for the internal school general fund presenting a beginning general fund balance, estimated annual revenues, proposed annual expenditures, and the estimated general fund balance at the end of the fiscal year. For each restricted fund, the principal shall prepare a budget presenting separately each restricted fund's beginning account balance, estimated annual revenues, proposed annual expenditures, and the estimated restricted account balance at the end of the fiscal year.

1 As soon as possible after the school year begins, participating students, in consultation with their activity  
2 or club sponsors, shall develop and adopt budgets that will be used during the fiscal year to account for  
3 their activity or club. Each activity or club sponsor shall submit a copy of the fiscal year budget to the  
4 principal to be included in a comprehensive school budget that is submitted to the Board through the  
5 Director of School's office.<sup>4</sup> Each activity or club budget should include a written plan for all fundraising  
6 activities, and the appropriate school fundraiser authorization for each event should be obtained as part  
7 of the budgeting process.

### 8 9 **DONATIONS, GIFTS, AND BEQUESTS**

10 The Director of Schools is authorized to accept donations, gifts, and bequests to the district and may  
11 designate others to accept donations, gifts, and bequests for particular schools on behalf of the Board.<sup>5</sup>  
12 Any donation, gift, or bequest twenty-five thousand dollars (\$25,000) or greater shall be reviewed and  
13 approved by the Board prior to receipt.  
14

15 Legally restricted donations or allocations to individual schools must be used in accordance with the  
16 stipulations placed on their use by the contributor. Any stipulations governing the use of the funds should  
17 be documented in writing by the contributors.  
18

### 19 20 **RECEIPT OF FUNDS**

21 Schools receive funds from many activities and events, and student activity funds shall be deposited in  
22 respective school activity accounts.<sup>1</sup>  
23

24 Most often, this money is handled by one or more persons before it is recorded in the school's cash  
25 receipts journal by the designated school employee. The school principal, however, becomes accountable  
26 for the funds when money is initially received by employees, officials, or volunteers acting in their official  
27 capacity.<sup>6</sup>  
28

29 School funds are not considered to include those of organizations composed of parents and teachers or  
30 parents and students working in coordination, including, but not limited to, appropriately organized and  
31 approved School Support Organizations as described in Policy D-250.  
32

### 33 34 **MONEY COLLECTED FOR THE BOARD**

35 Money collected from students on behalf of the Board (for example, for Driver's Education) must be  
36 deposited in the school bank account with other school funds and a check written to the Board to transfer  
37 the money.<sup>7</sup>  
38

### 39 40 **BONDED EMPLOYEES**

41 All employees who handle school monies must be bonded in order to indemnify the district against the  
42 loss of any funds.<sup>8</sup>  
43

### 44 45 **AUDITS**

46 An annual audit of all student activity funds and other internal school funds shall be performed by certified  
47 public accountants following the end of the fiscal year.<sup>9</sup>  
48  
49  
50

1 Other periodic reviews of internal school funds may be performed by the district's Finance Department,  
 2 as long as those reviews are performed in accordance with the standards established by the Tennessee  
 3 Comptroller of the Treasury.<sup>10</sup>

#### 4 **PETTY CASH**

5  
 6 Individual schools may maintain petty cash funds.<sup>11</sup>

7  
 8 All petty cash funds established must have prior approval from the Director of Schools or the Director's  
 9 designee.

#### 10 **INVESTMENTS**

11 School principals may invest excess funds only in insured interest-bearing accounts approved by the  
 12 Director of Schools or the Director's designee.<sup>12</sup>

#### 13 **PURCHASING**

14 Section 2-580 of the Procurement Code of Knox County exempts internal school funds, school activity  
 15 funds, cafeteria funds, and concession funds from the Code and states that these funds shall be governed  
 16 by procedures contained in the TISUAPM.

17 All purchases of supplies, materials, equipment, and contractual services at the school level of twenty-  
 18 five thousand dollars (\$25,000) or greater shall be based on three (3) written quotes and approved by the  
 19 Board unless such purchases were made using pass-through funds collected for that specific purpose (e.g.  
 20 yearbook expenses, field trip costs, merchandise sales, etc.), or where such purchases were already  
 21 governed under a Board approved contract or agreement.

22 Contracts for legal services, educational consultants, and similar services by professional persons or  
 23 groups of high ethical standards shall not be based upon competitive bids but shall be awarded on the  
 24 basis of recognized competence and integrity.

25 No school shall be obligated to pay for any expenditure made by a student or a teacher or by any other  
 26 employee unless he or she first receives a written purchase order from the proper office or unless prior  
 27 written permission or arrangements are made with the principal.

**INTRODUCTION**

6 for accounting, controlling, and safeguarding any money, materials, property, securities,  
7 services, or other things of value collected or disbursed by it.  
8

9 A School Support Organization shall annually, and not later than the first business day of August,  
10 submit a form to the Director of Schools or the Director's designee which verifies that the  
11 information previously provided by the School Support Organization is correct or, if the  
12 information is no longer correct, the first business day of August shall be the deadline for any  
13 corrections.  
14

15 Not later than the first business day of August, a School Support Organization shall provide a  
16 detailed statement of receipts and disbursements for the organization's previous fiscal year to the  
17 applicable school principal or, if no school principal is applicable, to the Director of Schools or the  
18 Director's designee.

28

29 A School Support Organization shall operate within the applicable standards and guidelines set by  
30 a related state association, if applicable, and shall not promote, encourage or acquiesce in any  
31 violation of student or team eligibility requirements, conduct codes or sportsmanship standards.

35 organization.  
36

- 37 3. A School Support Organization shall obtain the approval of the Director of Schools or the  
38 Director's designee before undertaking any fundraising activity that utilizes any property or  
39 facilities owned or operated by the district. The Director of Schools or the Director's designee  
40 shall consider, at a minimum, the following when approving or denying a request by a School  
41 Support Organization to engage in a fundraising activity:  
42
- 43 a. Whether the fundraising activity, as scheduled, conflicts with the fundraising activity of the  
44 school district or an individual school within that district.  
45

 11 Support Organization for failure to abide by the policies and procedures regarding School Support  
 12 Organizations.  
 13

#### 14 **CONCESSIONS AND PARKING**

15  
 16 The principal of a school may agree to allow an authorized School Support Organization to operate and  
 17 collect money for a concession stand or parking at a related school academic, arts, athletic, or social event  
 18 on a school property without the prior approval of the Director of Schools or Director's designee. Any  
 19 money payable to the school pursuant to any such agreement with the principal will be considered School  
 20 Support Organization funds and not student activity funds if the School Support Organization provides the

**GENERAL GRANT MANAGEMENT**

T.C.A. §49-2-203(b)(15) grants the power to the Board of Education to apply for and receive grants for educational purposes. It is the policy of the Knox County Board of Education to accept both competitive and formula grant awards that assist the Knox County Schools in meeting the academic needs of students and the district’s strategic goals and objectives via resolutions of the Board of Education.

Typically, a “grant” refers to financial resources that are awarded to the Knox County Schools, or to a department, school or individual within the school district (hereinafter the “grantee”), based upon a request or application for funding. Grant awards are usually designated for specific purposes and are generally accompanied by a statement of terms and conditions that guide the grantee in the use of these funds. The award documentation will frequently include a written description of the approved program, a line-item budget, a statement of the specific terms and conditions of the award, and/or information on how funding under the award can be accessed by the grantee. In accepting the award, the Knox County Board of Education incurs obligations and responsibilities to expend the grant funds in accordance to the stated purposes and conditions of the award.

Before grant funds are requested, regardless of the dollar amount or the type of grant, it must be determined by the Board of Education that the grant will benefit the Knox County Schools, and that it meets all of the following conditions:

1. The grant program and requirements must be aligned with the mission, vision, goals and strategic plan of the Knox County Schools.
2. The grant program and requirements must be consistent with the Improvement Plan, goals and priorities of the individual school or department where the funding will be expended.
3. The grant program and requirements must seek to enhance the quality of instruction, increase the efficacy of student learning, and/or support the effective education of children in Knox County.
4. The grant program and requirements must not carry any conditions that would divert school or district efforts or resources away from the district's mission and strategic priorities.
5. The grant program and requirements must be in compliance with all Board of Education policies and the Knox County Schools administrative procedures.

**GRANT APPLICATIONS**

The Knox County Board of Education shall apply for or otherwise request grant funds that the BOE deems beneficial to advancing the educational mission of the Knox County Schools. The Director of Schools will develop administrative procedures and protocols to ensure that applications for grant funding

1 submitted to the BOE are appropriate, timely, fair, and in the best interests of the Knox County Schools.  
2 Such requests for grants for fifty thousand dollars (\$50,000.00) or less may be approved both as to  
3 application and receipt, by a resolution of the Board of Education with all such grants listed.  
4

#### 5 **FORMULA OR "ENTITLEMENT" GRANTS**

6  
7 Applications for major formula grants, such as the funds the Knox County Schools annually request from  
8 the federal government under the Elementary and Secondary Schools Act (ESEA) and the Individuals  
9 with Disabilities Education Act (IDEA), will be developed by the specified grant manager in collaboration  
10 with the KCS curriculum and instruction, accountability, and finance departments. The formula grant  
11 manager shall develop these grant applications in a timely manner, so as to allow the Board of Education  
12 to act upon the request prior to its submission to state and federal authorities.  
13

14 In instances where such grant application time line may preclude or limit the ability of the Board of  
15 Education to act within a deadline imposed by the grant provisions, the Executive Committee of the Board  
16 of Education shall have authority to make the application. Upon an award of the grant by the grantor, it  
17 may not be accepted or funds obligated until the Board of Education approves receipt of the grant and the  
18 budget for the grant by resolution.  
19

#### 20 **RECEIPT OF GRANT AWARDS**

21  
22 The Knox County Board of Education shall approve and have the sole authority to accept receipt of grant  
23 awards.  
24

25 Grant awards must be approved by the Board of Education and the Knox County Commission before the  
26 district or other grantee may accept and obligate funds under the award.  
27

28 Once the Board of Education accepts the award, the Director of Schools will have the decision-making  
29 authority to manage the award in accordance with the terms and conditions of the executed agreement.  
30 The Director of Schools will establish procedures for the administration and management of all grant  
31 awards and report same to the BOE.  
32

33 Any Knox County Schools employee who applies for a grant in any amount must follow the  
34 administrative procedures pertaining to grants management. Any questions about these procedures should  
35 be referred to the Knox County Schools grant manager.

**GENERAL**

The following general guidelines shall be followed:

- 1) Fundraising activities shall be authorized by the Board and shall be for the purpose of supplementing funds for established school programs and not for supplementing or supplanting funds which are the responsibility of the local board of education or the State of Tennessee.<sup>1</sup>
- 2) Fundraising companies and other salespersons shall obtain permission in writing from the Director of Schools' or the Director of Schools' designee in order to visit the schools.
- 3) Any commission payable by companies shall be paid in the form of reduced prices to the students or paid into the activity fund of the school for use by the school. No school employee shall personally benefit from any fundraising activity.
- 4) The principal must obtain written approval from the Director of Schools or the Director of Schools' designee for all fundraising activities, including online fundraising activities, that involve the participation of the general student population in the marketing process of the fundraising effort. All other fundraising activities, including online fundraising activities, must have written approval from the principal and comply with all administrative procedures issued by the Director of Schools. The authorization request shall contain the following information:<sup>2</sup>
  - a. A list of the proposed fundraising activities;
  - b. Purpose of the fundraising activity;
  - c. Proposed uses of funds raised;
  - d. Expected student involvement in fundraising activity (school-wide or individual class or club); and
  - e. Margin of profit and how it is to be paid to the school.
- 5) The Director of Schools or the Director of Schools' designee shall determine whether or not the activity will benefit the school, contribute to the welfare of the student body, and supplement, not replace, funds necessary to fulfill the Board's required contributions.
- 6) Students shall not be excused from a regular class to participate in a fundraising activity. No grade in a subject or course shall be affected by a student's participation, or lack thereof, in a fundraising activity.

- 7) No quotas shall be imposed on students involved, and their efforts shall be voluntary. Students who do not participate in fundraising activities shall not be punished or discriminated against in any way.
- 8) A fundraiser summary (profit and loss) report is not required when a fundraiser is conducted without a designated purpose and when the profits are used for the general operation of the school or the administrative activities of an individual club or class account.<sup>3</sup> A fundraiser summary report must be prepared and filed at the school at the conclusion of any fundraiser conducted with a designated purpose.

The school principal is responsible and accountable for ensuring that all school fundraising activities are conducted in accordance with both this policy and the Tennessee Internal School Uniform Accounting Policy Manual.

This policy shall not be construed as preventing a teacher from using instructional or informational materials even though the materials might include reference to a brand, a product, or a service.

**LOTTERIES**

No fundraising activity shall be conducted which distributes prizes or makes awards to winners from among purchasers of chances by means of tickets through a random selection process, or otherwise constitutes a lottery or gambling pursuant to Tennessee law.<sup>4</sup>

**ONLINE FUNDRAISING**

Individual schools may establish school-wide online fundraising accounts, provided the fundraiser has a beginning and ending date within the same school year, and the fundraiser has been approved by the Director of Schools or the Director of Schools’ designee. The accounts must meet all fundraising requirements established by the Board and the Tennessee Internal School Uniform Accounting Policy Manual. The principal or his/her designee of each school with access to the established fundraising account must ensure all funds are properly accounted for by providing accurate information to be recorded in the school’s accounting records by the school bookkeeper. All funds raised must be deposited directly into the school bank account (the use of personal bank accounts is prohibited). At the conclusion of the fundraiser, a copy of the website’s donation and withdrawal report must be generated from the site, filed by the school bookkeeper in the school’s accounting records, with the reported amount verified by the school bookkeeper against the actual amount of funds deposited. Online fundraising shall not be used on behalf and for the benefit of an outside party.

Employees shall not engage in any fundraising activities in their official capacity as district employees for non-school sponsored fundraisers or for school-related fundraisers that have not been approved by the Director of Schools or the Director of Schools’ designee.

Note: School Support Organizations are not limited by this policy or by T.C.A. § 49-2-134 and may continue to fundraise, online and otherwise, pursuant to state law and Board Policy D-250.
