## Seven Ways To Prepare Your Child for the 2015-16 School Year

### 1 Help your child get ready to learn

Ensure your child is going to school every day well rested and ready to take on new challenges

### 2 Practice with sample questions

Encourage your child to practice answering sample questions online, using digital tools like the highlighter, answer eliminator etc.

### 3 Meet with your child's teacher

Ask where your child's strengths and weaknesses are as well as how they are practicing with online tools in class

### 4 Get feedback from your child

Find out which subjects your child feels most comfortable in and where they are most challenged

### 5 Get comfortable with digital devices

Allow time for your child to practice operating a mouse, using a keyboard, or navigating a tablet

### 6 Discuss why digital skills matter

Talk with your child about the importance of technology in college and the workplace

### 7 Be an adult learner

Let your child catch you discovering new things, whether it be information or a new skill
