

Two Blues STEM CAMP

(with a Health Science Day)

HVA and FHS team up to jump start your child's love of math and science with our 6th annual camp!

Come and explore science, technology, engineering, math, and health science in a super fun hands-on experience you'll never forget. **Ignite that spark in your child for 21st century problem solving and teamwork skills.**

Rising 2nd – rising 7th grade
2017 Camp @ Farragut High

Daily Sessions at a Glance

Email: debbie.sayers@knoxschools.org
Phone: 865-689-0828 (Central High)

George Ashe, STEM Academy Principal
Email: george.ashe@knoxschools.org
Phone: 865-539-5427 (HVA)

What will your child do?

Science Day

-Learn about biology, chemistry, and physics! Build a rocket and see if your egg can survive a multi-story drop!

Technology Day

-Get techy with iPads, iPods, computers, and calculators. Learn tech ethics and coding.

Math Day

-Where do we see math in everyday life? Learning math through games, fun, and manipulatives.

Engineering Day

- Make stuff, break stuff, and take stuff apart. Learn about robots! Imagine, design, revise, and create!

Health Science Day

-Everything from health, nutrition, first aid, and microscopes to dissection, forensics and anatomy!

Don't let summer pass you by without the chance to see how cool science, technology, engineering and math really are!
