Need help with Aspen Family Portal?

What is the Aspen Family Portal?

Aspen Family Portal is your online access point for important student information and teacher communication. You can get information about:
- Grades
- Upcoming assignments
- Attendance
- Progress reports/report cards
- State testing scores

The Aspen Family Portal also allows you to email teachers and set automatic email notifications if a grade falls below a specific threshold. Additionally, some teachers use the site to build classroom pages and to manage parent communication. These pages are accessed only by logging in and may include announcements, a course syllabus, dates for important assignments and links to classroom information.
