*Consider ECG, echocardiogram, and referral to cardiology for abnormal cardiac history or exam. *Consider GU exam if in private setting, Having third party present is recommended. *Consider cognitive evaluation or baseline neuropsychiatric testing if a history of significant concussion.						
□ Cleared for all sports without restriction □ Cleared for all sports without restriction with recommendations for further evaluation or treatments.	ent for					
□ Not cleared						
☐ Pending further evaluation						
☐ For any sports						
☐ For certain sports						
Reason						
Recommendations						
I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
