**GENERAL**

Knox County Schools prohibits acts of harassment, intimidation, bullying and cyber-bullying.<sup>1,2</sup> A safe and courteous environment in school is necessary for students to learn and achieve. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate students in a safe and orderly environment; and since students learn by example, administrators, faculty, staff and volunteers should be positive role models in demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying. All the Knox County Schools teachers and administrative personnel are responsible for ensuring this policy is faithfully implemented in all areas under their purview or direct supervision.

“Cyber-bullying” means bullying undertaken through the use of electronic devices;

“Electronic devices” include, but are not limited to, telephones, cellular phones or other wireless telecommunication devices, personal digital assistants (PDAs), computers, electronic mail, instant messaging, text messaging, and web sites;

“Harassment, intimidation or bullying” means any act that substantially interferes with a student’s educational benefits, opportunities or performance; and:

(A) If the act takes place on school grounds, at any school-sponsored activity, on school-provided equipment or transportation or at any official school bus stop, the act has the effect of:

- (i) Physically harming a student or damaging a student’s property;
- (ii) Knowingly placing a student or students in reasonable fear of physical harm to the student or damage to the student’s property;
- (iii) Causing emotional distress to a student or students; or
- (iv) Creating a hostile educational environment; or

(B) If the act takes place off school property or outside of a school-sponsored activity, it is directed specifically at a student or students and has the effect of creating a hostile educational environment or otherwise creating a substantial disruption to the education environment or learning process.

All students are expected to refrain from acts of harassment, intimidation and bullying or cyber-bullying

---

<sup>1</sup> If this concerns possible or alleged civil rights violations, please refer to policy J-210.

1 in any form and to be aware that such disciplinary measures as are appropriately assigned in Board policy  
2 J-191 will be utilized for the unacceptable behavior described above.

### 4 **PREVENTION AND TRAINING**

5  
6 At the beginning of each school year, principals will provide this policy to parents and ensure that  
7 students are aware the expectations for their behavior under this policy. This policy shall also be posted  
8 in the Board of Education policy page of the Knox County Schools website.

9  
10 To promote and foster intergroup awareness, appreciation and understanding by students of the diverse  
11 ethnic, racial, and cultural groups represented in the school district, United States, and the world, the  
12 Knox County Schools shall:

- 13  
14 1. Provide on-going professional development to prevent harassment, intimidation and bullying.
- 15  
16 2. Implement practices to achieve safer and less violent schools for students, teachers and  
17 administrators.
- 18  
19 3. Endeavor to ensure that the curriculum does not promote stereotypical views of any group and  
20 recognizes the accomplishments and contributions of all peoples.

### 22 **REPORTING AND RESPONSE**

23  
24 Students who feel they are being harassed, bullied or intimidated may report this concern to any teacher or  
25 school administrator or the office of the Superintendent using any means of communication with which  
26 they feel comfortable. Students may report anonymously, and anonymous reports will be treated with the  
27 same level of urgency as all other reports.

28  
29 All school employees are required to report alleged violations of this policy to the Principal or the  
30 principal's designee for investigation and appropriate action. Submission of a written incident report to  
31 the principal is required by all district employees. Oral reports will also be considered official reports.  
32 Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of  
33 an anonymous report. Upon report of alleged violations, the Principal or principal designee shall  
34 promptly investigate such allegations.

35  
36 A school employee, student or volunteer who possesses reliable information that a student has  
37 electronically transmitted a credible threat to cause bodily injury or death to another student or  
38 school employee shall report such information to the Principal or other school administrator. The  
39 Principal shall, in consultation with the appropriate district administrative personnel, make a  
40 determination regarding the disposition of the report with respect to appropriate investigations  
41 and disciplinary actions.<sup>3</sup>

42  
43 Failure to report reliable information about an electronically transmitted credible threat to a  
44 student or employee may result in disciplinary action for the student or employee withholding the  
45 information. If a volunteer fails to report such information, the volunteer may be restricted from  
46 volunteering at any further school related activities.

47  
48 No student shall be the subject of reprisal for any report of bullying, harassment and intimidation.  
49 Students found to have perpetrated acts of reprisal shall be subject to appropriate disciplinary action as  
50 described in Board policy J-191.<sup>4</sup>

Consequences for a student found to have falsely accused another as a means of harassment, intimidation or bullying range from behavioral interventions up to and including suspension or expulsion, as permitted under policy J-191.

The following factors will be considered in determining the appropriate response to students who commit one or more acts of harassment, intimidation, bullying or cyber-bullying:

1. The developmental level and maturity levels of the parties involved;
2. The levels of harm as determined by the student's ability to be educated in a safe and orderly environment;
3. The surrounding circumstances;
4. The nature of the behavior(s);
5. Past incidences or continuing patterns of behavior;
6. The relationships between the parties involved; and
7. The context in which the alleged incidents occurred.

Consequences and appropriate remedial action for students who commit acts of harassment, intimidation or bullying may range from behavioral interventions up to and including suspension or expulsion. The appropriate action will be consistent with established Board policy, case law, Federal and State statutes.
