HVMS Dance Team Try-Outs 2019-2020

Location: **Hardin Valley Middle School Gym**

Clinic Date: **May 6 - 7 (Mandatory) 3:45-5:45 p.m.**

Try Out Date: **May 9 @ 4:00** ***Cost:*** **$15.00 (non-refundable)**

Mandatory Parent Meeting**: HVMS Cafeteria April 29 @ 5:30**

ALL FORMS must be turned in to Ms. Branham no later than 2:45pm Friday May 3.

TRY-OUT ATTIRE:

- ✓ You must wear a White Shirt and Black Shorts. Please wear appropriate shoes.
- ✓ Clothing must not reflect any school/dance logo.
- ✓ Hair must be pulled all the way up in a ponytail with a plain white bow. *NO JEWELRY
- ✓ Try-Outs will consist of 1 dance routine that is taught at the clinic
- ✓ Your NUMBER and GROUP will be decided by a blind draw on May 7th

CHECKLIST

- $15.00 cash, money order, or check made out to Christa Branham (we use this money to pay for our judges and chorographer)
- Contact Information Form
- Copy of Grades—Most recent progress report **MUST** have 2.0 GPA or higher
- Physical - Must be current- On or after April 15th 2019 (If you child has a current physical for this year, it is good until May 23. They will need a new one for summer practices.)
- Medical Release Form
- Candidates Intent **(Make sure both signatures are on it.)**
- Letter of Understanding

Forms need to be dropped off at Hardin Valley Elementary Attention: Christa Branham
Or
Coach Auxier at Hardin Valley Middle School

If you have any questions email Christa Branham at christa.branham@knoxschools.org

No Paperwork = No Try Out

If you have any questions email Christa Branham at christa.branham@knoxschools.org

CONCUSSION

INFORMATION AND SIGNATURE FORM
FOR STUDENT-ATHLETES & PARENTS/LEGAL GUARDIANS
(Adapted from CDC "Heads Up Concussion in Youth Sports")

Public Chapter 148, effective January 1, 2014, requires that school and community organizations sponsoring youth athletic activities establish guidelines to inform and educate coaches, youth athletes and other adults involved in youth athletics about the nature, risk and symptoms of concussion/head injury.

Read and keep this page.
Sign and return the signature page.

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Even a "ding," "getting your bell rung" or what seems to be a mild bump or blow to the head can be serious.

Did You Know?

- Most concussions occur *without* loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports **one or more** symptoms of concussion listed below after a bump, blow or jolt to the head or body, s/he should be kept out of play the day of the injury and until a health care provider* says s/he is symptom-free and it's OK to return to play.

SIGNS OBSERVED BY COACHING STAFF	SYMPTOMS REPORTED BY ATHLETES
Appears dazed or stunned	Headache or "pressure" in head
Is confused about assignment or position	Nausea or vomiting
Forgets an instruction	Balance problems or dizziness
Is unsure of game, score or opponent	Double or blurry vision
Moves clumsily	Sensitivity to light
Answers questions slowly	Sensitivity to noise
Loses consciousness, even briefly	Feeling sluggish, hazy, foggy or groggy
Shows mood, behavior or personality changes	Concentration or memory problems
Can't recall events *prior* to hit or fall	Confusion
Can't recall events *after* hit or fall	Just not "feeling right" or "feeling down"

**Health care provider means a Tennessee licensed medical doctor, osteopathic physician or a clinical neuropsychologist with concussion training*

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention after a bump, blow or jolt to the head or body if s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that not only does not diminish, but gets worse
- Weakness, numbness or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (*even a brief loss of consciousness should be taken seriously*)

WHY SHOULD AN ATHLETE REPORT HIS OR HER SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brains. *They can even be fatal.*

Remember:

Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care provider* says s/he is symptom-free and it's OK to return to play.

Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration such as studying, working on the computer or playing video games may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.

* Health care provider means a Tennessee licensed medical doctor, osteopathic physician or a clinical neuropsychologist with concussion training.

Student-athlete & Parent/Legal Guardian Concussion Statement

Must be **signed and returned** to school or community youth athletic activity prior to participation in practice or play.

Student-Athlete Name: _____

Parent/Legal Guardian Name(s): _____

After reading the information sheet, I am aware of the following information:

Student-Athlete initials		Parent/Legal Guardian initials
	A concussion is a brain injury which should be reported to my parents, my coach(es) or a medical professional if one is available.	
	A concussion cannot be "seen." Some symptoms might be present right away. Other symptoms can show up hours or days after an injury.	
	I will tell my parents, my coach and/or a medical professional about my injuries and illnesses.	N/A
	I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.	N/A
	I will/my child will need written permission from a *health care provider** to return to play or practice after a concussion.	
	Most concussions take days or weeks to get better. A more serious concussion can last for months or longer.	
	After a bump, blow or jolt to the head or body an athlete should receive immediate medical attention if there are any danger signs such as loss of consciousness, repeated vomiting or a headache that gets worse.	
	After a concussion, the brain needs time to heal. I understand that I am/my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before the concussion symptoms go away.	
	Sometimes repeat concussion can cause serious and long-lasting problems and even death.	
	I have read the concussion symptoms on the Concussion Information Sheet.	

* *Health care provider* means a Tennessee licensed medical doctor, osteopathic physician or a clinical neuropsychologist with concussion training

Candidate's Intent

I _____ am trying out for for the 2019-2020 dance team. If selected, I agree to each of the following:

I will **fulfill all responsibilities** of a dancer by working hard, being focused, disciplined, and having a positive attitude.

I will **meet the eligibility requirements of the TSSAA and HVM**

I will **attend all practice, games, events and appearances for which I am scheduled.**

I will **be on time for each practice and game, dressed in my complete, appropriate uniform.**

I will **keep the dance uniforms in good condition at all times**, returning them after the end of the season at the specified time.

I will **cooperate fully and respect my teammates and coach during the season.**

I will **attend all tumbling classes, summer camps, and dance clinics**.

I will **behave in a way that is appropriate for a dancer at HVM, both on and off campus, in or out of uniform including ALL SOCIAL MEDIA posts.**

I will **abide by all conditions listed in the HVM Field Trip Policy and Handbook,** and I am aware that camp/away games/competitions constitute a field trip.

I will **not let ANY extracurricular activity, including but not limited to a job interfere with my middle school dance responsibilities.**

I will **communicate fully with my parents, teachers, and my coach regarding school and dance activities.**

I will **listen to the coach and read all notifications either via email or text.**

I have read and understand the attached constitution. I will abide by all the requirements of a HVM Dancer.

Signature of Candidate: _____ Date: _____

Signature of Parent(s): _____ Date: _____

LETTER OF UNDERSTANDING

I, _____, parent of _____ hereby affirm that I have read and understand the Hardin Valley Middle Dance Constitution and handbook. I fully understand and accept the responsibilities, qualifications, and rules of the document. I understand that these By-Laws go into effect immediately upon the selection of my child as a Hardin Valley Middle Dancer. I agree that there is a cost of $30.00 (approximately) for insurance and that this insurance will cover my child through the child's official dance activities this year. I further understand that the insurance coverage is of supplementary nature and that if there is other insurance coverage on my child, that coverage shall be of primary nature.

I understand that my child must have a physical examination on file in order to try out for dancer. This physical cannot be older than one year old. I realize and agree that is my responsibility to provide and/or arrange transportation to and from any dance activity for my child.

I also understand that Hardin Valley Middle or the coach is not responsible for the loss or damage to personal property of others or injury to other people caused by my son/daughter.

I understand that all the attached forms must be completed by May 3rd, 2019 or my child will not be allowed to tryout. I understand my child must attend all tryout workshops or my child will not be considered for a dance position. I understand that qualified judges will evaluate my child and I agree to abide by the decision of the judges.

I understand the cost involved as stated in the rules. I understand by the nature of the activity, dance may carry a risk of physical injury. No matter how careful the dancer and coach are, no matter how many spotters are used, no matter what height is used or what landing surface exits, the risk cannot be eliminated; reduced, yes, but never eliminated. The risks of injury include minor injuries, such as broken bones, dislocations, and muscle pulls as well as catastrophic injuries such as permanent paralysis or even death from landing or falls on the back, neck, or head. I understand that proper conditioning, training techniques, and warm-ups are necessary to avoid the possibility of injury. I understand these risks and I will not hold Hardin Valley Middle or any of its personnel responsible in the case of accident or injury at anytime.

I give Christa Branham, dance coach at Hardin Valley Middle, permission to act in my stead of any medical or other emergency situation where I am not present. I grant permission for qualified personnel to administer immediate treatment in case of injury.

Athlete/Parent/Guardian Sudden Cardiac Arrest Symptoms and Warning Signs Information Sheet and Acknowledgement of Receipt and Review Form

What is sudden cardiac arrest?
Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA doesn't just happen to adults; it takes the lives of students, too. However, the causes of sudden cardiac arrest in students and adults can be different. A youth athlete's SCA will likely result from an inherited condition, while an adult's SCA may be caused by either inherited or lifestyle issues. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?
SCA is the #1 cause of death for adults in this country. There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year. It is the #1 cause of death for student athletes.

Are there warning signs?
Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- fainting or seizures during exercise;
- unexplained shortness of breath;
- dizziness;
- extreme fatigue;
- chest pains; or
- racing heart.

These symptoms can be unclear in athletes, since people often confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?
There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience SCA die from it.

Public Chapter 325 – the Sudden Cardiac Arrest Prevention Act
The act is intended to keep youth athletes safe while practicing or playing. The requirements of the act are:

- All youth athletes and their parents or guardians must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.

- The immediate removal of any youth athlete who passes out or faints while participating in an athletic activity, or who exhibits any of the following symptoms:
  (i) Unexplained shortness of breath;
  (ii) Chest pains;
  (iii) Dizziness
  (iv) Racing heart rate; or
  (v) Extreme fatigue; and

- Establish as policy that a youth athlete who has been removed from play shall not return to the practice or competition during which the youth athlete experienced symptoms consistent with sudden cardiac arrest

- Before returning to practice or play in an athletic activity, the athlete must be evaluated by a Tennessee licensed medical doctor or an osteopathic physician. Clearance to full or graduated return to practice or play must be in writing.

I have reviewed and understand the symptoms and warning signs of SCA.

Medicines and Allergies: Please list all of the prescription and over-the-counter medicines and supplements (herbal and nutritional) that you are currently taking

_____

_____

_____

Do you have any allergies? ☐ Yes ☐ No If yes, please identify specific allergy below.
☐ Medicines ☐ Pollens ☐ Food ☐ Stinging Insects

Explain "Yes" answers below. Circle questions you don't know the answers to.

GENERAL QUESTIONS	Yes	No
1. Has a doctor ever denied or restricted your participation in sports for any reason?		
2. Do you have any ongoing medical conditions? If so, please identify below: ☐ Asthma ☐ Anemia ☐ Diabetes ☐ Infections Other: _____		
3. Have you ever spent the night in the hospital?		
4. Have you ever had surgery?		
HEART HEALTH QUESTIONS ABOUT YOU	**Yes**	**No**
5. Have you ever passed out or nearly passed out DURING or AFTER exercise?		
6. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?		
7. Does your heart ever race or skip beats (irregular beats) during exercise?		
8. Has a doctor ever told you that you have any heart problems? If so, check all that apply: ☐ High blood pressure ☐ A heart murmur ☐ High cholesterol ☐ A heart infection ☐ Kawasaki disease Other: _____		
9. Has a doctor ever ordered a test for your heart? (For example, ECG/EKG, echocardiogram)		
10. Do you get lightheaded or feel more short of breath than expected during exercise?		
11. Have you ever had an unexplained seizure?		
12. Do you get more tired or short of breath more quickly than your friends during exercise?		
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY	**Yes**	**No**
13. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 50 (including drowning, unexplained car accident, or sudden infant death syndrome)?		
14. Does anyone in your family have hypertrophic cardiomyopathy, Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy, long QT syndrome, short QT syndrome, Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia?		
15. Does anyone in your family have a heart problem, pacemaker, or implanted defibrillator?		
16. Has anyone in your family had unexplained fainting, unexplained seizures, or near drowning?		
BONE AND JOINT QUESTIONS	**Yes**	**No**
17. Have you ever had an injury to a bone, muscle, ligament, or tendon that caused you to miss a practice or a game?		
18. Have you ever had any broken or fractured bones or dislocated joints?		
19. Have you ever had an injury that required x-rays, MRI, CT scan, injections, therapy, a brace, a cast, or crutches?		
20. Have you ever had a stress fracture?		
21. Have you ever been told that you have or have you had an x-ray for neck instability or atlantoaxial instability? (Down syndrome or dwarfism)		
22. Do you regularly use a brace, orthotics, or other assistive device?		
23. Do you have a bone, muscle, or joint injury that bothers you?		
24. Do any of your joints become painful, swollen, feel warm, or look red?		
25. Do you have any history of juvenile arthritis or connective tissue disease?		

MEDICAL QUESTIONS	Yes	No
26. Do you cough, wheeze, or have difficulty breathing during or after exercise?		
27. Have you ever used an inhaler or taken asthma medicine?		
28. Is there anyone in your family who has asthma?		
29. Were you born without or are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?		
30. Do you have groin pain or a painful bulge or hernia in the groin area?		
31. Have you had infectious mononucleosis (mono) within the last month?		
32. Do you have any rashes, pressure sores, or other skin problems?		
33. Have you had a herpes or MRSA skin infection?		
34. Have you ever had a head injury or concussion?		
35. Have you ever had a hit or blow to the head that caused confusion, prolonged headache, or memory problems?		
36. Do you have a history of seizure disorder?		
37. Do you have headaches with exercise?		
38. Have you ever had numbness, tingling, or weakness in your arms or legs after being hit or falling?		
39. Have you ever been unable to move your arms or legs after being hit or falling?		
40. Have you ever become ill while exercising in the heat?		
41. Do you get frequent muscle cramps when exercising?		
42. Do you or someone in your family have sickle cell trait or disease?		
43. Have you had any problems with your eyes or vision?		
44. Have you had any eye injuries?		
45. Do you wear glasses or contact lenses?		
46. Do you wear protective eyewear, such as goggles or a face shield?		
47. Do you worry about your weight?		
48. Are you trying to or has anyone recommended that you gain or lose weight?		
49. Are you on a special diet or do you avoid certain types of foods?		
50. Have you ever had an eating disorder?		
51. Do you have any concerns that you would like to discuss with a doctor?		
FEMALES ONLY		
52. Have you ever had a menstrual period?		
53. How old were you when you had your first menstrual period?		
54. How many periods have you had in the last 12 months?		

Explain "yes" answers here

Consentimiento Legal de los Padres o Guardianes

Yo/Nosotros damos nuestro consentimiento para que (nombre del Estudiante-Atleta)_____ pueda representar (nombre de la escuela)_____ en deportes y que yo/nosotros entendemos que esa actividad lleva la posibilidad de sufrir lesiones. Yo/Nosotros sabemos que aún con el mejor entrenamiento, los mejores artículos deportivos, y la observación estricta de las reglas, es posible sufrir lesiones. **En algunas ocasiones, estas lesiones son severas y pueden resueltar en incapacidad, parálisis, y hasta la muerte. Yo/Nosotros damos permiso a la escuela y a TSSAA, sus médicos, entrenadores atléticos, y/o técnicos médicos de emergencias a dar ayuda, tratamiento, cuidado médico o quirúrgico considerados necesarios para la salud y bienestar del Estudiante-Atleta nombrado arriba durante o como resultado de su participación en los deportes.** Al firmar este consentimiento, el Estudiante-Atleta nombrado arriba y sus padres/guardianes consienten a que los profesionales de la salud conduzcan un chequeo, examinación, y pruebas del Estudiante-Atleta durante la examinación pre-participacipatoria y a obtener la historia médica. Entendemos que los profesionales de la salud que conduzcan estas pruebas y evaluaciones van a anotar los resultados y observaciones en los formularios y records que acompañan este documento. Como padre o guardian , **yo/nosotros entendemos que somos totalmente responsables por cualquier asunto legal que pueda resultar de las acciones personales del Estudiante-Atleta nombrado arriba.**

Knox County Schools
Student Media Release Form

I, as the parent/guardian of _____, hereby give Knox County Schools and its employees, representatives and authorized media organizations permission to photograph, interview and record my child and his/her likeness for use in audio, video, film or other electronic, digital and printed media. I also give Knox County Schools permission to release photos or recordings of any type to news media outlets including, but not limited to, newspapers and television stations.

I understand that neither Knox County Schools nor the news media has any obligation to use or be compensated for such rights. I am also aware that I will not receive monetary compensation for my child's participation, and I waive any right to inspect or approve final use of materials.

I agree to release and hold harmless Knox County Schools, its staff, the Board of Education and assignees from any liability or claims of damage, known or unknown, related to such use.

Please note if you opt out of the media release form, your child's photograph will still be included in yearbook and classroom publications as part of directory information unless you notify the district otherwise. Additionally, if at any time you wish to withdraw your consent, you may contact the Office of Public Affairs at 865-594-1905; however, any prior photos or recordings of your child will remain part of the district's archive.
